Tony Kim

Manager, Asia Pacific Theatre, Public Sector Practice
Internet Business Solutions Group

Tony Kim is a vertical manager working in the Cisco Internet Business Solutions Group (IBSG) Public Sector practice. He leads IBSG's Connected Urban Development Seoul project. He focuses on working with local governments to develop sustainable urban development strategies and green initiatives. He also focuses on digital city development and national and local broadband initiatives.

Kim Joined Cisco in 2007. His experience at Cisco includes a position as the Smart Transportation program manager for Connected Urban Development, leading the team of project managers responsible for Cisco's collaboration solutions, Tech Center, and corporate green initiatives.

Prior to Cisco, Kim worked for LG Group's consulting division for seven years. He led large consulting projects in both public sector and enterprise. Kim also worked as a senior research fellow at the Korea Railroad Research Institute.

Kim is a former executive member of the Future e-Government Strategy Board, one of Korea's most innovative e-government research programs, and holds a master's in science degree in Mechatronics from Gwangju Institute of Science and Technology, South Korea.
