Cisco Confidential

ONE PLATFORM GREATER VISIBILITY

Everything you need to manage licensing

A clearer view. More control. Less complexity.

01 Unified visibility

View licenses, orders, devices, contracts and subscriptions in one interface.

02 Licensing management

Manage licenses, review usage and reassign eligible assets across Virtual Accounts.

03 Actionable insights

See key account information, coverage status and approaching expirations.

04 Search and reporting

Locate licensing information and export relevant account and asset data.

05 Smart Account administration

Organize Virtual Accounts and manage user access and permissions.

06 Guided experience

Use intuitive navigation and contextual assistance to complete tasks.

Simplify how you see, manage and act on licensing information
