Color Guide

SUMMARY OF HARDWARE COLOR CHANGES	
IGX	Chassis will change from dark gray to Cisco teal. The Cisco logo and the new product name will be imprinted on the chassis. Card faceplates are not affected.
AXIS	Chassis will change from gray to teal. The Cisco logo and the new product name will be imprinted on the chassis. Card faceplates remain light gray, however the LED overlay labels on the cards change from dark gray to light gray.
BPX	Chassis will change from dark gray to Cisco teal. The Cisco logo and the new product name will be imprinted on the chassis. Card faceplates remain light gray, however a teal Cisco logo will be imprinted on the faceplates.
