## Introduction

This document shows you how to disable the Cisco MeetingPlace prompt that asks the user to record a name before the user joins a meeting.

## Prerequisites

## Requirements

There are no specific requirements for this document.

## Components Used

The information in this document is based on MeetingPlace, all releases.

The information in this document was created from the devices in a specific lab environment. All of the devices used in this document started with a cleared (default) configuration. If your network is live, make sure that you understand the potential impact of any command.

## Conventions

For more information on document conventions, refer to the Cisco Technical Tips Conventions.

## Procedure

From the Schedule tab, make these setting adjustments.

## Meeting Features

Complete these steps:

1. For the Entry Announcement setting, choose **Silent**.
2. For the Departure Announcement setting, choose **Silent**.
3. For Skip Pre–Meeting Options?, choose **Yes**.

4. For Disable Roll Call?, choose **Yes**.

## Q&A Meetings

Complete these steps:

1. For the Q&A Introduction setting, choose **Silent**.
2. For the Q&A Departure setting, choose **Silent**.
