

Cisco International Limited

Country Enablement

Cisco International Ltd. successfully upgraded to the new ERP platform

Dear Valued Partner, Customer or Distributor,

Cisco International Ltd. was successfully upgraded to the new global enterprise resource planning (ERP) platform on 16 November. In the long term and through future enhancements, this new ERP foundation will enable Cisco to standardise systems and processes, reduce order-to-fulfilment cycle times and improve your overall experience.

If you have questions, please reference our [Frequently Asked Questions](#). You can also contact your partner account manager, distributor account manager, partner services development manager, or customer and partner experience advisor, or email ce-cil-support@cisco.com.

Regards,

Cisco
