Introduction

This article relates to Cisco TelePresence Management Suite (TMS).

Q. Can I install the TMS software on an MS Windows 2003 or 2008 Server 64-bit operating system?

A. No, if the operating system is Windows 2003.

Yes, if the operating system is Windows 2008 R1 or R2 Standard 32-bit and 64-bit Editions. As of Version 13, Cisco TMS functions with 64-bit Windows 2008 operating systems.
