**Related Information** 

#### Introduction

This document provides a flowchart you can use to troubleshoot E1 layer 1.

## **Prerequisites**

#### Requirements

There are no specific requirements for this document.

#### **Components Used**

This document is not restricted to specific software and hardware versions.

The information in this document was created from the devices in a specific lab environment. All of the devices used in this document started with a cleared (default) configuration. If your network is live, make sure that you understand the potential impact of any command.

#### **Conventions**

For more information on document conventions, refer to the Cisco Technical Tips Conventions.

### **Flowchart**

To see more information, click the command boxes.
