

What's New in Cisco Product Documentation

December 2014

RSS

What's New in Cisco Product Documentation lists new and revised Cisco documentation since the last release of this monthly publication. To subscribe to the *What's New in Cisco Product Documentation* RSS feed, paste this URL into your RSS reader:

http://www.cisco.com/cdc_content_elements/rss/whats_new/whatsnew_rss_feed.xml

Previous releases of the *What's New in Cisco Product Documentation* are available at the following URL:

<http://www.cisco.com/c/en/us/td/docs/general/whatsnew/archive/archive.html>

Cisco Product Documentation Resources

Cisco Bug Search Tool

Bug Search Tool (BST), the online successor to Bug Toolkit, is designed to improve our customers' effectiveness in network risk management and device troubleshooting.

BST allows partners and customers to search for software bugs based on product, release, and keyword, and it aggregates key data such as bug details, product, and version.

Visit [Bug Search Tools & Resources](#) on Cisco.com. For details on the tool overview and functionalities, visit the help page at <http://www.cisco.com/web/applicat/cbsshelp/help.html>.

Cisco DocWiki

You can collaborate on Cisco documentation using Cisco DocWiki:

<http://docwiki.cisco.com>

Follow Cisco DocWiki on Facebook and Twitter:

- <http://www.facebook.com/#!/pages/Cisco-DocWiki/134288604079>
- http://twitter.com/cisco_docwiki

Visit the Cisco IOS Documentation Facebook page or follow Cisco IOS documentation on Twitter for updates on Cisco IOS features and documentation and to provide feedback about the documentation:

- <http://www.facebook.com/#!/pages/Cisco-IOS-Docs/300862609926099>
- http://twitter.com/Cisco_IOSdocs

Cisco Icon Library

Cisco icons are globally recognized and generally accepted as standard for network icon topologies. Cisco icons are available for download:

<http://www.cisco.com/web/about/ac50/ac47/2.html>

Cisco International Websites

To find international Cisco websites, go to <http://www.cisco.com> and click **Worldwide** at the top of the page.

Cisco Internetworking Terms and Acronyms (ITA)

This resource defines internetworking terms and acronyms specific to Cisco products, technologies, or services. Some terms may also have descriptions unique to Cisco. The Cisco ITA does not duplicate industry-standard terms for which definitions can be found in other sources. To review this resource:

[http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_\(ITA\)](http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_(ITA))

Technical Documentation Ideas Forum

This forum allows you to communicate with other customers and Cisco technical writers. You can share your ideas about Cisco documentation on the Technical Documentation Ideas forum:

<http://www.cisco.com/go/techdocideas>

Application Networking Services

None at this time.

Cisco Interfaces and Modules

None at this time.

Cisco IOS and NX-OS Software

- [Cisco IOS XRv Router Installation and Configuration Guide](#)
Describes the system requirements, installation, and configuration of Cisco IOS XRv router.
- [Cisco Nexus 3164Q NX-OS Verified Scalability Guide, Release 6.1\(2\)I3\(2\)](#)
Provides verified configuration limits for features on the Cisco Nexus 3164Q switch.
- [Cisco Nexus 9000 Series NX-OS Interfaces Configuration Guide, Release 6.x](#)
Describes how to configure interfaces on Cisco Nexus 9000 Series devices.
- [Cisco Nexus 9000 Series NX-OS Multicast Routing Configuration Guide, Release 6.x](#)
Describes how to configure multicast routing features on Cisco Nexus 9000 Series devices.
- [Cisco Nexus 9000 Series NX-OS Quality of Service Configuration Guide, Release 6.x](#)
Describes how to configure quality of service (QoS) on Cisco Nexus 9000 Series devices.

- [Cisco Nexus 9000 Series NX-OS Release Notes, Release 6.1\(2\)I3\(2\)](#)
Describes the features, caveats, and limitations for Cisco NX-OS software for use on the Cisco Nexus 9000 Series devices.
- [Cisco Nexus 9000 Series NX-OS Security Configuration Guide, Release 6.x](#)
Describes how to configure security settings on Cisco Nexus 9000 Series devices.
- [Cisco Nexus 9000 Series NX-OS System Management Configuration Guide, Release 6.x](#)
Describes how to monitor and manage Cisco Nexus 9000 Series devices.
- [Cisco Nexus 9000 Series NX-OS Unicast Routing Configuration Guide, Release 6.x](#)
Describes how to configure Layer 3 unicast routing protocols on Cisco Nexus 9000 Series devices.
- [Cisco Nexus 9000 Series NX-OS Verified Scalability Guide, Release 6.1\(2\)I3\(2\)](#)
Provides verified configuration limits for features on Cisco Nexus 9000 Series devices.
- [Cisco NX-OS Open Source Licenses for 6.1\(2\)I3\(2\)](#)
Contains licenses and notices for open source software used in Cisco NX-OS 6.1(2)I3(2) releases.
- [Release Notes for Cisco IOS XRv](#)
Provides information about new features, hardware, software support, and caveats for the Cisco IOS XRv router.

Cloud and Systems Management

- [Cisco Prime Service Catalog 10.1 Adapter Integration Guide](#)
Provides information on configuring directory integration, service link, including LDAP with Prime Service Catalog.
- [Cisco Prime Service Catalog 10.1 Administration and Operations Guide](#)
Covers information on Organization Designer and Catalog Deployer modules that includes details on user profiles, roles, capabilities, site-wide settings, and managing organizational units in Prime Service Catalog. This guide also covers information on managing and maintaining the Prime Service Catalog deployments.
- [Cisco Prime Service Catalog 10.1 Compatibility Matrix](#)
Describes the version of the third-party software products that have been certified with Cisco Prime Service Catalog and also provides information about which browsers are compatible with which modules of Cisco Prime Service Catalog.
- [Cisco Prime Service Catalog 10.1 Designer Guide](#)
Covers information on the Service Designer, Portal Designer, Demand Management, and Localizing modules. Using these modules you can design services, service forms, and dictionaries.
- [Cisco Prime Service Catalog 10.1 Documentation Overview Guide](#)
Lists all guides for Prime Service Catalog for 10.1.
- [Cisco Prime Service Catalog 10.1 Installation and Upgrade Guide](#)
Covers information on installing, upgrading, and configuring Prime Service Catalog 10.1, including installing Service Catalog on JBoss and WebLogic Application Servers, Congos software and the Reporting module.

- [Cisco Prime Service Catalog 10.1 Release Notes](#)

Covers new features and enhancements for 10.1, including the important notes to be aware of before using this release of the product.

- [Cisco Prime Service Catalog 10.1 Reporting Guide](#)

Covers information on configuring reporting solution, including designing, generating, and monitoring Cisco Prime Service Catalog reports.

- [Cisco Prime Service Catalog 10.1 User Guide](#)

Covers information on Service Catalog, Service Portal, Service Manager, and Order Management modules. Instructions on placing, managing, and authorizing orders for services are also covered in this guide.

- [Open Source Used in Cisco Prime Service Catalog 10.1](#)

Lists the licenses and notices for open source software used by Prime Service Catalog 10.1.

Collaboration Endpoints

- [Cisco IP Video Phone E20 TE Software Release Notes \(TE4\)](#)

Describes the features and capabilities included in the Cisco IP Video Phone E20 software version TE4.

- [Cisco TelePresence Administering TC Endpoints on CUCM 10.5.1 \(TC7.2\)](#)

This guide describes how to get a TC7.2 endpoint up and running with Cisco Unified Communication Manager version 10.5.1. The guide applies to the following products: MX Series, SX Series, EX Series, Codec C Series, Quick Set C20, and Profile Series.

- [Cisco TelePresence IL Software Release Notes \(IL1\)](#)

Describes the features and capabilities included in the Cisco TelePresence ISDN Link software version IL1.

- [Cisco TelePresence MX700 CAD Drawings](#)

Includes the CAD drawings and measurements of the MX700.

- [Cisco TelePresence MX700 CAD Drawings in DXF - download and unzip](#)

Includes the CAD drawings and measurements of the MX700 in DXF format that you can download and unzip.

- [Cisco TelePresence MX800 CAD Drawings](#)

Includes the CAD drawings and measurements of the MX800.

- [Cisco TelePresence MX800 CAD Drawings in DXF—download and unzip](#)

Includes the CAD drawings and measurements of the MX800 in DXF format that you can download and unzip.

- [Cisco TelePresence Precision Camera Wall Bracket Installation Guide](#)

Describes how to install the wall bracket for the Cisco TelePresence Precision60 Camera and Cisco TelePresence PrecisionHD Camera 1080p4x S2.

- [Cisco TelePresence TC Software Release Notes \(TC6\)](#)

Describes the features and capabilities included in the Cisco TelePresence System Codec C Series, EX Series, SX Series, Profile Series and MX Series software version TC6.

- [Cisco TMS Provisioning Configuration Template in XML for TelePresence Endpoints \(TC7.2.0\) - download and unzip](#)

Contains the Cisco TMS provisioning configuration template in XML for EX Series (EX60, EX90), MX Series (MX200, MX300, MX200G2, MX300G2, MX700, MX800), SX Series (SX10, SX80, SX20), C Series (C20, C40, C60, C90) and for Profiles using C Series codecs (TC7.2.0).

- [Cisco TMS Provisioning Configuration Template in XML for TelePresence Endpoints \(TC7.2.1\) - download and unzip](#)

Contains the Cisco TMS provisioning configuration template in XML for EX Series (EX60, EX90), MX Series (MX200, MX300, MX200G2, MX300G2, MX700, MX800), SX Series (SX10, SX80, SX20), C Series (C20, C40, C60, C90) and for Profiles using C Series codecs (TC7.2.1).

Conferencing

- [Optimized Conferencing for Cisco Unified Communications Manager and Cisco VCS Deployment Guide Release 3.0](#)

Helps you to implement the Optimized Conferencing for Cisco Unified Communications Manager and Cisco VCS Solution across your video network. Summarizes the required processes, and refers to the associated product guides for step-by-step details.

Customer Collaboration

None at this time.

Home Networking

None at this time.

Optical Networking

None at this time.

Physical Security

None at this time.

Routers

- [Cisco ASR 9000 Series Aggregation Services Router Broadband Network Gateway Command Reference, Release 5.2.x](#)

Describes the broadband network gateway commands used in the Cisco ASR 9000 Series Aggregation Services Router.

- [Cisco ASR 9000 Series Aggregation Services Router Broadband Network Gateway Configuration Guide, Release 5.2.x](#)

Describes how to enable and configure border network gateway on the Cisco ASR 9000 Series Aggregation Services Router.

- [Cisco ASR 9000 Series Aggregation Services Router Interface and Hardware Component Configuration Guide, Release 5.2.x](#)

Describes how to enable and configure interface and hardware components on the Cisco ASR 9000 Series Aggregation Services Router.

- [Cisco ASR 9000 Series Aggregation Services Router IP Addresses and Services Command Reference, Release 5.2.x](#)
Describes the IP Addresses and Services commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router IP Addresses and Services Configuration Guide, Release 5.2.x](#)
Describes how to enable and configure IP Addresses and Services on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router MPLS Command Reference, Release 5.2.x](#)
Describes the MPLS commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router MPLS Configuration Guide, Release 5.2.x](#)
Describes how to enable and configure MPLS on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Multicast Command Reference, Release 5.2.x](#)
Describes the Multicast commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router Multicast Configuration Guide, Release 5.2.x](#)
Describes how to enable and configure Multicast on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Management Command Reference, Release 5.2.x](#)
Describes the System Management commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Management Configuration Guide, Release 5.2.x](#)
Describes how to enable and configure System Management on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Monitoring Command Reference, Release 5.2.x](#)
Describes the System Monitoring commands used in the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco ASR 9000 Series Aggregation Services Router System Monitoring Configuration Guide, Release 5.2.x](#)
Describes how to enable and configure System Monitoring on the Cisco ASR 9000 Series Aggregation Services Router.
- [Cisco IOS XR IP Addresses and Services Command Reference for the Cisco CRS Router, Release 5.2.x](#)
Describes the IP Addresses and Services commands used in the Cisco CRS Router.
- [Cisco IOS XR IP Addresses and Services Configuration Guide for the Cisco CRS Router, Release 5.2.x](#)
Describes how to enable and configure IP Addresses and Services on the Cisco CRS Router.
- [Cisco IOS XR MPLS Command Reference for the Cisco CRS Router, Release 5.2.x](#)
Describes the MPLS commands used in the Cisco CRS Router.
- [Cisco IOS XR MPLS Configuration Guide for the Cisco CRS Router, Release 5.2.x](#)
Describes how to enable and configure MPLS on the Cisco CRS Router.
- [Cisco IOS XR Multicast Command Reference for the Cisco CRS Router, Release 5.2.x](#)
Describes the Multicast commands used in the Cisco CRS Router.

- [Cisco IOS XR Multicast Configuration Guide for the Cisco CRS Router, Release 5.2.x](#)
Describes how to enable and configure Multicast on the Cisco CRS Router.
- [Cisco IOS XR nV System Command Reference Guide for the Cisco CRS Router, Release 5.2.x](#)
Describes the nV System commands used in the Cisco CRS Router.
- [Cisco IOS XR nV System Configuration Guide for the Cisco CRS Router, Release 5.2.x](#)
Describes how to enable and configure nV System on the Cisco CRS Router.
- [Cisco IOS XR System Monitoring Command Reference for the Cisco CRS Router, Release 5.2.x](#)
Describes the System Monitoring commands used in the Cisco CRS Router.
- [Cisco IOS XR System Monitoring Configuration Guide for the Cisco CRS Router, Release 5.2.x](#)
Describes how to enable and configure System Monitoring on the Cisco CRS Router.
- [Release Notes for Cisco ASR 9000 Series Aggregation Services Routers for Cisco IOS XR Software Release 5.2.2](#)
Provides information about new features, hardware, software support, and caveats for Cisco ASR 9000 Series Aggregation Services Routers.
- [Release Notes for Cisco CRS for Cisco IOS XR Software Release 5.2.2](#)
Provides information about new features, hardware, software support, and caveats for Cisco CRS.

Security

None at this time.

Servers—Unified Computing

None at this time.

Service Exchange

None at this time.

Storage Networking

None at this time.

Switches

- [Cisco Nexus 3000 Switch Hardware Installation Guide](#)
Describes how to install, manage, and replace components for the Cisco Nexus 3000 Series and 3164Q switch hardware.
- [Cisco Nexus 3164Q Switch -- Read Me First](#)

Lists the user documentation that applies to the Cisco Nexus 3164Q switch and explains any software differences between this device and the Cisco Nexus 9000 Series switches.

- [Cisco Nexus 9000 Series FPGA/EPLD Upgrade Release Notes, Release 6.1\(2\)I3\(2\)](#)

Describes how to install and manage EPLD images for the Cisco Nexus 9000 Series hardware.

Unified Communications

- [Cisco Preferred Architecture for Enterprise Collaboration - Design Overview](#)

Describes the Preferred Architecture for Enterprise Collaboration and helps Cisco customers and sales teams understand the design best practices and products used to deploy that architecture.

- [Cisco Preferred Architecture for Enterprise Collaboration CVD - October 2014](#)

Provides Cisco Validated Design (CVD) recommendations and detailed implementation procedures for deploying the Preferred Architecture for Enterprise Collaboration.

Universal Gateways and Access Servers

None at this time.

Video

- [Cisco Preferred Architecture for Video - Design Overview](#)

Describes the Preferred Architecture for Video and helps Cisco customers and sales teams understand the design best practices and products used to deploy that architecture.

Wireless

None at this time.

Creating Bookmarks to Cisco.com Pages

After you log in to Cisco.com, you can use the My Cisco tool to save links and documents. You can then go to the links from any Cisco.com page. The tool is available on most Cisco.com pages. See the *My Cisco User Guide* for help:

<http://www.cisco.com/web/help/mycisco.html>

Cisco Support and Downloads

The Cisco Support and Downloads website provides online resources to download documentation, software, and tools. Use these resources to install and configure the software and to troubleshoot and resolve technical issues with Cisco products and technologies. To receive security and technical information about your products, subscribe to the Product Alert Tool (accessed from Field Notices), the Cisco Technical Services Newsletter, and Really Simple Syndication (RSS) feeds.

Access to most tools on the Cisco Support and Downloads website requires a Cisco.com user ID and password.

For more information:

<http://www.cisco.com/cisco/web/support/index.html>

Submitting a Service Request

Open a service request online at:

<https://tools.cisco.com/ServiceRequestTool/scm/mgmt/case>

Display a list of Cisco worldwide contacts at:

http://www.cisco.com/en/US/support/tsd_cisco_worldwide_contacts.html

Obtaining Additional Information

Information about Cisco products, services, technologies, and networking solutions is available from various online sources.

- Sign up for Cisco email newsletters and other communications at:

<http://www.cisco.com/offer/subscribe>

- Order the *Cisco Product Quick Reference Guide*, a portable, easy-to-use reference that provides an overview of Cisco products and solutions for each area of your business. Go to:

<http://www.cisco.com/en/US/prod/qrg/index.html>

- Visit the Cisco Services website for the latest technical, advanced, and remote services to increase the operational reliability of your network. Go to:

<http://www.cisco.com/go/services>

- Visit Cisco Marketplace, the company store, for Cisco collateral, logo merchandise, Cisco Press books, and software at:

<http://www.cisco.com/go/marketplace/>

- Obtain general networking, training, and certification titles from Cisco Press publishers at:

<http://www.ciscopress.com>

- Read the *Internet Protocol Journal*, a quarterly journal published by Cisco for engineering professionals who design, develop, and operate internets and intranets. Go to:

<http://www.cisco.com/ipj>

- *What's New in Cisco Product Documentation* (this document) is an online publication that provides information about the latest documentation releases for Cisco products. This online publication is updated monthly and organized by product category. Go to:

<http://www.cisco.com/c/en/us/td/docs/general/whatsnew/whatsnew.html>

- The Warranty Finder allows you to find warranty information that applies to a specific product or product series/family. To access Cisco Warranty Finder:

<http://www.cisco-warrantyfinder.com>

- Visit the Cisco Data Center Documentation Twitter Feed for daily updates on Cisco NX-OS features and documentation and provide feedback about the documentation.

<http://twitter.com/CiscoDCDocs>
