Cisco Product Documentation Resources

Cisco Bug Search Tool

Bug Search Tool (BST), the online successor to Bug Toolkit, is designed to improve our customers' effectiveness in network risk management and device troubleshooting.

BST allows partners and customers to search for software bugs based on product, release, and keyword, and it aggregates key data such as bug details, product, and version.

Visit [Bug Search Tools & Resources](#) on Cisco.com. For details on the tool overview and functionalities, visit the help page at <http://www.cisco.com/web/applicat/cbsshhelp/help.html>.

Cisco DocWiki

You can collaborate on Cisco documentation using Cisco DocWiki:

<http://docwiki.cisco.com>

Follow Cisco DocWiki on Facebook and Twitter:

- <http://www.facebook.com/#!/pages/Cisco-DocWiki/134288604079>
- http://twitter.com/cisco_docwiki

Visit the Cisco IOS Documentation Facebook page or follow Cisco IOS documentation on Twitter for updates on Cisco IOS features and documentation and to provide feedback about the documentation:

- <http://www.facebook.com/#!/pages/Cisco-IOS-Docs/300862609926099>
- http://twitter.com/Cisco_IOSdocs

Cisco Icon Library

Cisco icons are globally recognized and generally accepted as standard for network icon topologies. Cisco icons are available for download:

<http://www.cisco.com/web/about/ac50/ac47/2.html>

Cisco International Websites

To find international Cisco websites, go to <http://www.cisco.com> and click **Worldwide** at the top of the page.

Cisco Internetworking Terms and Acronyms (ITA)

This resource defines internetworking terms and acronyms specific to Cisco products, technologies, or services. Some terms may also have descriptions unique to Cisco. The Cisco ITA does not duplicate industry-standard terms for which definitions can be found in other sources. To review this resource:

[http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_\(ITA\)](http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_(ITA))

Technical Documentation Ideas Forum

This forum allows you to communicate with other customers and Cisco technical writers. You can share your ideas about Cisco documentation on the Technical Documentation Ideas forum:

<http://www.cisco.com/go/techdocideas>

Application Networking Services

Revised Documents

- *Release Note for Cisco Wide Area Application Services (Software Version 5.3.5a)*
Describes the new features, resolved and open caveats, CM changes, and CLI command changes for software version 5.3.5a.

Cisco Interfaces and Modules

None at this time.

Cisco IOS and NX-OS Software

New Documents

- [Cisco Nexus 9000 Series NX-OS Release Notes, Release 6.1\(2\)I2\(2\)](#)
Describes the features, caveats, and limitations for Cisco NX-OS software for use on the Cisco Nexus 9000 series devices.

Revised Documents

- [Cisco Nexus 9000 Series NX-OS Interfaces Configuration Guide, Release 6.x](#)
Describes how to configure the interfaces of Cisco Nexus 9000 series devices running Cisco NX-OS Release 6.x.
- [Cisco Nexus 9000 Series NX-OS Multicast Routing Configuration Guide, Release 6.x](#)
Describes how to configure multicast routing features on Cisco Nexus 9000 series devices.
- [Cisco Nexus 9000 Series NX-OS Quality of Service Configuration Guide, Release 6.x](#)
Describes how to configure quality of service (QoS) on Cisco Nexus 9000 series devices.
- [Cisco Nexus 9000 Series NX-OS Unicast Routing Configuration Guide, Release 6.x](#)
Describes how to configure Layer 3 unicast routing protocols on Cisco Nexus 9000 series devices.

Cloud and Systems Management

New Documents

- [Cisco Prime Optical 10.0 Basic External Authentication](#)
Describes how Cisco Prime Optical supports basic external authentication.
- [Cisco Prime Optical 10.0 GateWay/CORBA Programmer Reference Guide](#)
Describes the northbound Common Object Request Broker Architecture (CORBA) interfaces supported by Cisco Prime Optical. This document serves as a reference for developers of OSS applications that work with the Cisco Prime Optical GateWay/CORBA interface.
- [Cisco Prime Optical 10.0 Installation Guide](#)
Explains how to install Cisco Prime Optical and how to upgrade from previous releases.
- [Cisco Prime Optical 10.0 Open Source](#)
Contains the licenses and notices for open source software used in Cisco Prime Optical.
- [Cisco Prime Optical 10.0 Quick Start Guide](#)
Provides steps that lead you through a new installation for a single-server setup with an embedded database. The purpose of this guide is to quickly get you up and running with Prime Optical 10.0.

- [Cisco Prime Optical 10.0 Release Notes](#)
Describes the caveats for Cisco Prime Optical.
- [Cisco Prime Optical 10.0 User Guide](#)
Explains how to use Cisco Prime Optical to manage Cisco Optical Networking System (ONS) network elements (NEs) and switches.

Collaboration Endpoints

New Documents

- [Cisco TelePresence MX200 and MX300 Administrator Guide \(TC7.1\)](#)
Provides information required to administrate the MX200 and MX300 video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.
- [Cisco TelePresence MX200 and MX300 Quick Reference Guide \(TC7.1\)](#)
Describes the basics of using a MX200 and MX300 with the Touch controller.
- [Cisco TelePresence MX200 and MX300 User Guide \(TC7.1\)](#)
Describes the use of the MX200 and MX300 video systems using software version TC7.1. You can learn about the Touch, camera adjustments/presets, call control and in-call features, the use of favorites, directory and call history, and details of the Settings menu.
- [Cisco TelePresence MX200 G2 and MX300 G2 Administrator Guide \(TC7.1\)](#)
Provides information required to administrate the MX200 G2 and MX300 G2 video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.
- [Cisco TelePresence MX200 G2 and MX300 G2 Quick Reference Guide \(TC7.1\)](#)
Describes the basics of using a MX200 G2 and MX300 G2 with the Touch 10 controller.
- [Cisco TelePresence MX200 G2 and MX300 G2 User Guide \(TC7.1\)](#)
Describes the use of the MX200 G2 and MX300 G2 video systems using software version TC7.1. You can learn about the Touch 10, camera adjustments/presets, call control and in-call features, the use of favorites, directory and call history, and details of the Settings menu.
- [Cisco TelePresence MX200 G2 CAD Drawings](#)
Includes the CAD drawings and measurements of the MX200 G2.
- [Cisco TelePresence MX200 G2 CAD Drawings in DXF—download and unzip](#)
Includes the CAD drawings and measurements of the MX200 G2 in DXF format that you can download and unzip.
- [Cisco TelePresence MX300 G2 CAD Drawings](#)
Includes the CAD drawings and measurements of the MX300 G2.
- [Cisco TelePresence MX300 G2 CAD Drawings in DXF—download and unzip](#)
Includes the CAD drawings and measurements of the MX300 G2 in DXF format that you can download and unzip.

- [*Cisco TelePresence MX300 G2 Floor Stand Installation Sheet*](#)
Describes the installation of the Cisco TelePresence MX300 G2 floor stand model.
- [*Cisco TelePresence MX300 G2 Wall Mounting Installation Sheet*](#)
Describes the installation of the Cisco TelePresence MX300 G2 wall mount model.
- [*Cisco TelePresence MX300 G2 Wheel Base Installation Sheet*](#)
Describes the installation of the Cisco TelePresence MX300 G2 wheel base model.
- [*Cisco TelePresence MX700 CAD Drawings*](#)
Includes the CAD drawings and measurements of the MX700.
- [*Cisco TelePresence MX700 CAD Drawings in DXF—download and unzip*](#)
Includes the CAD drawings and measurements of the MX700 in DXF format that you can download and unzip.
- [*Cisco TelePresence MX800 CAD Drawings*](#)
Includes the CAD drawings and measurements of the MX800.
- [*Cisco TelePresence MX800 CAD Drawings in DXF—download and unzip*](#)
Includes the CAD drawings and measurements of the MX800 in DXF format that you can download and unzip.
- [*Cisco TelePresence Precision 60 Camera Open Source Documentation \(TC7.1\)*](#)
Describes the open source license information supported for the Cisco TelePresence Precision 60 Camera running TC software version TC7.1.
- [*Cisco TelePresence SpeakerTrack 60 Open Source Documentation \(TC7.1\)*](#)
Describes the open source license information supported for the Cisco TelePresence SpeakerTrack 60 Camera running TC software version TC7.1.
- [*Cisco TelePresence SX10 Open Source Documentation \(TC7.1\)*](#)
Describes the open source license information supported for the Cisco TelePresence SX10 Quick Set running TC software version TC7.1.
- [*Cisco TelePresence SX10 Quick Set Installation Guide*](#)
Describes the installation of the Cisco TelePresence SX10 Quick Set.
- [*Cisco TelePresence SX10 Quick Set User Guide \(TC7.1\)*](#)
Describes the use of Cisco TelePresence SX10 Quick Set with software version TC7.1 when you have a remote control. You can learn about the remote control, the system and call settings, camera adjustments/presets, call control and In-call features and about phone book usage.
- [*Cisco TelePresence SX20 Open Source Documentation \(TC7.1\)*](#)
Describes the open source license information supported for the Cisco TelePresence SX20 Quick Set running TC software version TC7.1.
- [*Cisco TelePresence SX20 Quick Set Administrator Guide \(TC7.1\)*](#)
Provides information required to administrate the Codec SX20 based Quick Set video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.

- [Cisco TelePresence SX20 Quick Set Getting Started Guide \(TC7.1\)](#)

Describes the initial configuration of Cisco TelePresence SX20 Quick Set video systems running TC software version TC7.1. This includes setting passwords, and configuring IP, H.323 and SIP using the remote control, the Touch controller, or the web interface.
- [Cisco TelePresence SX20 Quick Set Quick Reference Guide \(TC7.1\)](#)

Describes the basics of using a SX20 Quick Set with the Touch controller.
- [Cisco TelePresence SX20 Quick Set User Guide for Touch panel \(TC7.1\)](#)

Describes the use of SX20 Quick Set with software version TC7.1 and a Touch. You can learn about the Touch, camera adjustments/presets, call control and in-call features, the use of favorites, directory and call history, and details of the Settings menu.
- [Cisco TelePresence SX80 Codec User Guide \(TC7.1\)](#)

Describes the use of the SX80 codec with software version TC7.1 used with a Touch. You can learn about the Touch, camera adjustments/presets, call control and in-call features, the use of favorites, directory and call history, and details of the Settings menu.
- [Cisco TelePresence SX80 Installation Sheet](#)

Describes the installation of the Cisco TelePresence SX80 codec.
- [Cisco TelePresence SX80 Open Source Documentation \(TC7.1\)](#)

Describes the open source license information supported for the Cisco TelePresence SX80 Codec running TC software version TC7.1.
- [Cisco TelePresence SX80 Quick Reference Guide \(TC7.1\)](#)

Describes the basics of using a SX80 codec with the Touch controller.
- [Cisco TelePresence System Codec C Series Getting Started Guide \(TC7.1\)](#)

Describes the initial configuration of Cisco TelePresence C series video systems running TC software version TC7.1. This includes setting passwords, and configuring IP, H.323 and SIP using the remote control, the Touch controller, or the web interface.
- [Cisco TelePresence System Codec C Series User Guide for Touch panel \(TC7.1\)](#)

Describes the use of Codec C series (C40, C60 and C90) with software version TC7.1 used with a Touch. You can learn about the Touch, camera adjustments/presets, call control and in-call features, the use of favorites, directory and call history, and details of the Settings menu.
- [Cisco TelePresence System Codec C20 API Reference Guide \(TC7.1\)](#)

Describes the API for Codec C20 using software version TC7.1. Commands described are the xCommand, xConfiguration, xStatus, xHistory, xEvent, xFeedback, xPreferences and SystemTools. This guide also includes the startup scripts and Remote Control key map.
- [Cisco TelePresence System Codec C60 and C40 Administrator Guide \(TC7.1\)](#)

Provides information required to administrate the Codec C40 and C60 based video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.
- [Cisco TelePresence System Codec C60 and C40 API Reference Guide \(TC7.1\)](#)

Describes the API for Codec C40 and C60 using software version TC7.1. Commands described are the xCommand, xConfiguration, xStatus, xHistory, xEvent, xFeedback, xPreferences and SystemTools. This guide also includes the startup scripts and Remote Control key map.

- [*Cisco TelePresence System Codec C90 Administrator Guide \(TC7.1\)*](#)

Provides information required to administrate the Codec C90 based video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.
- [*Cisco TelePresence System Codec C90 API Reference Guide \(TC7.1\)*](#)

Describes the API for Codec C90 using software version TC7.1. Commands described are the xCommand, xConfiguration, xStatus, xHistory, xEvent, xFeedback, xPreferences and SystemTools. This guide also includes the video input matrix, startup scripts, and Remote Control key map.
- [*Cisco TelePresence System EX60 and EX90 Administrator Guide \(TC7.1\)*](#)

Provides information required to administrate the EX90/EX60 video systems at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.
- [*Cisco TelePresence System EX60 and EX90 Getting Started Guide \(TC7.1\)*](#)

Describes the initial configuration of Cisco TelePresence video systems running TC software. This includes setting passwords, and configuring IP, H.323 and SIP using the remote control, the Touch controller, or the web interface.
- [*Cisco TelePresence System EX60 and EX90 Quick Reference Guide \(TC7.1\)*](#)

Describes the basic use of the EX60 and EX90.
- [*Cisco TelePresence System MX Series Getting Started Guide \(TC7.1\)*](#)

Describes the initial configuration of Cisco TelePresence MX200 and MX300 video systems running TC software version TC7.1. This includes setting passwords, and configuring IP, H.323 and SIP using the remote control, the Touch controller, or the web interface.
- [*Cisco TelePresence System Profile Series Getting Started Guide \(TC7.1\)*](#)

Describes the initial configuration of Cisco TelePresence Profile series video systems running TC software version TC7.1. This includes setting passwords, and configuring IP, H.323 and SIP using the remote control, the Touch controller, or the web interface.
- [*Cisco TelePresence System Profile Series User Guide for Touch panel \(TC7.1\)*](#)

Describes the use of the Profile systems with software version TC7.1 used with a Touch. You can learn about the Touch, camera adjustments/presets, call control and in-call features, the use of favorites, directory and call history, and details of the Settings menu.
- [*Cisco TelePresence System Profile using Codec C20 Administrator Guide \(TC7.1\)*](#)

Provides information required to administrate the Codec C20 based Profile video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.
- [*Cisco TelePresence System Profile using Codec C60/C40 Administrator Guide \(TC7.1\)*](#)

Provides information required to administrate the Codec C40 and C60 based Profile video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.
- [*Cisco TelePresence System Profile using Codec C90 Administrator Guide \(TC7.1\)*](#)

Provides information required to administrate the Codec C90 based Profile video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.

- [Cisco TelePresence System Quick Set C20 Administrator Guide \(TC7.1\)](#)
Provides information required to administrate the Codec C20 based Quick Set video systems using software version TC7.1 at an advanced level. The web interface is described, and the advanced settings available via the web interface and the on-screen menu system are explained.
- [Cisco TelePresence TC Console Open Source Documentation \(TC7.1\)](#)
Describes the open source license information supported for the Cisco TelePresence TC Console used with TC software version TC7.1.
- [Cisco TelePresence TC Software Open Source Documentation \(TC7.1\)](#)
Describes the open source license information supported for the Cisco TelePresence products running TC software version TC7.1, such as Codec C series, Profile series, MX series, Quick Set C20.
- [Cisco TelePresence Touch for C Series Quick Reference Guide \(TC7.1\)](#)
Describes the basics of using a C series codec with the Touch controller.

Revised Documents

- [Cisco TelePresence IL Software Release Notes \(IL1\)](#)
Describes the features and capabilities included in the Cisco TelePresence ISDN Link software version IL1.
- [Cisco TelePresence TC Software Release Notes \(TC5\)](#)
Describes the features and capabilities included in the Cisco TelePresence System Codec C series, Quick Set series, Profile series, and MX series software version TC5.
- [Cisco TelePresence TC Software Release Notes \(TC6\)](#)
Describes the features and capabilities included in the Cisco TelePresence System Codec C series, Quick Set series, Profile series, and MX series software version TC6.
- [Cisco TelePresence TC Software Release Notes \(TC7\)](#)
Describes the features and capabilities included in the Cisco TelePresence System Codec C series, Quick Set series, Profile series, and MX series software version TC7.

Conferencing

New Documents

- [Cisco Expressway CE1000 Appliance Installation Guide \(X8.1.1 or later\)](#)
Describes the installation and initial configuration procedure for the Cisco Expressway CE1000 appliance.
- [Cisco Expressway CE500 Appliance Installation Guide \(X8.1.1 or later\)](#)
Describes the installation and initial configuration procedure for the Cisco Expressway CE500 appliance.
- [Cisco TelePresence Conductor Administrator Guide \(XC2.3\)](#)
Describes the configuration and maintenance of Cisco TelePresence Conductor version XC2.3.
- [Cisco TelePresence Conductor Certificate Creation and Use Deployment Guide \(XC2.3\)](#)
Provides step-by-step instructions for using certificates with TelePresence Conductor.

- [*Cisco TelePresence Conductor Clustering with Cisco Unified CM Deployment Guide \(XC2.3\)*](#)
Provides step-by-step instructions for deploying a cluster of TelePresence Conductors (XC2.3) with a Cisco Unified CM.
- [*Cisco TelePresence Conductor Clustering with Cisco VCS \(B2BUA\) Deployment Guide \(XC2.3\)*](#)
Provides step-by-step instructions for deploying a cluster of TelePresence Conductors with a Cisco VCS in a B2BUA deployment.
- [*Cisco TelePresence Conductor Clustering with Cisco VCS \(Policy Service\) Deployment Guide \(XC2.3\)*](#)
Provides step-by-step instructions for deploying a cluster of TelePresence Conductors with a Cisco VCS in a Policy Service deployment.
- [*Cisco TelePresence Conductor Product Programming Reference Guide \(XC2.3\)*](#)
Describes the Cisco TelePresence Conductor's Application Programming Interface.
- [*Cisco TelePresence Conductor Release Notes \(XC2.0.3\)*](#)
Details new features, resolved issues, open issues, and limitations in TelePresence Conductor version XC2.0.3
- [*Cisco TelePresence Conductor Release Notes \(XC2.2.2\)*](#)
Details new features, resolved issues, open issues, and limitations in TelePresence Conductor version XC2.2.2
- [*Cisco TelePresence Conductor Release Notes \(XC2.3\)*](#)
Details new features, resolved issues, open issues, and limitations in TelePresence Conductor version XC2.3
- [*Cisco TelePresence Conductor Virtual Machine Installation Guide \(XC2.3\)*](#)
Describes the installation and initial configuration procedure for Cisco TelePresence Conductor XC2.3 on Virtual Machine.
- [*Cisco TelePresence Conductor with Cisco VCS \(B2BUA\) Deployment Guide \(XC2.3\)*](#)
Provides step-by-step instructions for deploying a TelePresence Conductor with a Cisco VCS in a deployment using the back-to-back user agent.
- [*Cisco TelePresence Conductor with Cisco VCS \(Policy Service\) Deployment Guide \(XC2.3\)*](#)
Provides step-by-step instructions for deploying a TelePresence Conductor with a Cisco VCS in a deployment using the Policy Service.
- [*Cisco TelePresence Conductor with Unified CM Deployment Guide \(XC2.3\)*](#)
Provides step-by-step instructions for deploying a Cisco TelePresence Conductor with a Cisco Unified CM.
- [*Cisco TelePresence FindMe Cisco TMSPE Version 1.2 User Guide*](#)
Describes how to use the Cisco TelePresence FindMe feature of the TelePresence User Portal.
- [*Cisco TelePresence IP Gateway Version 2.0\(3.34\) Software Maintenance Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in Cisco TelePresence IP Gateway 2.0(3.34)
- [*Cisco TelePresence ISDN GW 3241 & MSE 8321 Version 2.2\(1.94\) P Software Maintenance Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in Cisco TelePresence ISDN GW 2.2(1.94)

- [*Cisco TelePresence Management Suite Administrator Guide \(14.4\)*](#)
Describes the maintenance, operation, and troubleshooting of Cisco TMS 14.4.
- [*Cisco TelePresence Management Suite Extension Booking API Programming Reference Guide \(14.4\)*](#)
A reference to the Cisco TMS APIs for booking and remote setup, with instructions on setting up your environment. Changes to the API are in the Cisco TMS 14.4 release notes.
- [*Cisco TelePresence Management Suite Extension for Microsoft Exchange Deployment Guide \(4.0\)*](#)
From this release, this deployment guide replaces the separate installation and administrator guides for Cisco TMSXE.
- [*Cisco TelePresence Management Suite Extension for Microsoft Exchange Release Notes \(4.0\)*](#)
Details new features, resolved issues, open issues, and limitations in Cisco TMSXE 4.0.
- [*Cisco TelePresence Management Suite Extension for Microsoft Exchange User Guide \(4.0\)*](#)
Describes how to book telepresence meetings from Outlook with or without WebEx.
- [*Cisco TelePresence Management Suite Installation and Upgrade Guide \(14.4\)*](#)
Describes the prerequisites, best practices, and procedures for installing or upgrading to Cisco TMS 14.4. Includes guidance for redundant deployments.
- [*Cisco TelePresence Management Suite Provisioning Extension Release Notes \(1.2\)*](#)
Details new features, resolved issues, open issues, and limitations in Cisco TMSPE 1.2.
- [*Cisco TelePresence Management Suite Provisioning Extension with Cisco Unified CM Deployment Guide \(1.2\)*](#)
Describes the prerequisites, best practices, and procedures for deploying, installing, and maintaining Cisco TMSPE 1.2 with Cisco Unified CM.
- [*Cisco TelePresence Management Suite Provisioning Extension with Cisco VCS Deployment Guide \(1.2\)*](#)
Describes the prerequisites, best practices, and procedures for deploying, installing, and maintaining Cisco TMSPE 1.2 with Cisco VCS.
- [*Cisco TelePresence Management Suite Release Notes \(14.4\)*](#)
Details new features, resolved issues, open issues, and limitations in Cisco TMS 14.4.
- [*Cisco TelePresence Serial Gateway Series 1.0\(1.38\) Software Maintenance Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in Cisco TelePresence Serial Gateway series 1.0(1.38)
- [*Cisco TelePresence Server 2.3\(1.58\) Software Maintenance Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in TelePresence Server version 2.3(1.58)
- [*Cisco TelePresence Server 3.1\(1.98\) Software Maintenance Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in TelePresence Server version 3.1(1.98) on hardware platforms
- [*Cisco TelePresence Server 4.0\(1.57\) Software Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in TelePresence Server version 4.0(1.57)

- [*Cisco TelePresence Server 7010 and MSE 8710 in Locally Managed Mode Printed Help 4.0*](#)
Provides the reader with detailed descriptions of the concepts and features of the TelePresence Server's user interface, when operating in locally managed mode. Applies only to 7010 and MSE 8710 models.
- [*Cisco TelePresence Server 7010 and MSE 8710 in Remotely Managed Mode Printable Help 4.0*](#)
Provides the reader with detailed descriptions of the concepts and features of the TelePresence Server's user interface, when operating in remotely managed mode. Applies only to 7010 and MSE 8710 models.
- [*Cisco TelePresence Server API Product Programming Reference Guide 4.0*](#)
Lists the methods and parameters for interacting with TelePresence Server 4.0 via its XML-RPC API
- [*Cisco TelePresence Server on Media 310/320 Printable Help 4.0*](#)
Provides the reader with detailed descriptions of the concepts and features of the TelePresence Server on Media 310/320's user interface
- [*Cisco TelePresence Server on Virtual Machine Installation Guide 4.0*](#)
Describes the install procedure for Cisco TelePresence Server on Virtual Machine version 4.0
- [*Cisco TelePresence Server on Virtual Machine Printed Help 4.0*](#)
Provides the reader with detailed descriptions of the concepts and features of the TelePresence Server on Virtual Machine's user interface
- [*Cisco TelePresence Server on Virtual Machine Release 3.1\(1.98\) Software Maintenance Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in TelePresence Server on Virtual Machine 3.1(1.98)
- [*Cisco TelePresence Server Version 3.0\(2.49\) Software Maintenance Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in TelePresence Server version 3.0(2.49)
- [*Cisco TelePresence Supervisor MSE 8050 2.3\(1.32\) Software Maintenance Release Notes*](#)
Details new features, resolved issues, open issues, and limitations in Cisco TelePresence Supervisor MSE 8050 2.3(1.32)
- [*Cisco TelePresence VCS CE500 Appliance Installation Guide \(X8.1.1 or later\)*](#)
Describes the installation and initial configuration procedure for the Cisco VCS CE500 appliance.
- [*Cisco VCS CE1000 Appliance Installation Guide \(X8.1.1 or later\)*](#)
Describes the installation and initial configuration procedure for the Cisco VCS CE1000 appliance.
- [*Open Source Used In Cisco TelePresence Conductor XC2.3*](#)
Contains license information for open source components used in Cisco TelePresence Conductor XC2.3.

Revised Documents

- [*Cisco TelePresence Conferencing Call Detail Records File Format Reference Guide*](#)
Describes the format of CDR files downloaded from some Cisco TelePresence conferencing and gateways products

New Documents

- [Cisco ASA Series Firewall ASDM Configuration Guide, 7.2\(1\)](#)
Configures the firewall features for ASA using ASDM.
- [Cisco ASA Series Firewall CLI Configuration Guide, 9.2\(1\)](#)
Configures the firewall features for ASA using CLI.
- [Cisco ASA Series General Operations ASDM Configuration Guide, 7.2\(1\)](#)
Configures general operations for the ASA using ASDM.
- [Cisco ASA Series General Operations CLI Configuration Guide, 9.2\(1\)](#)
Configures general operations for the ASA using CLI.
- [Cisco ASA Series Implementation Note for NetFlow Collectors, 9.2](#)
Describes how to implement the use of NetFlow collectors for the ASAs.
- [Cisco ASA Series VPN ASDM Configuration Guide, 7.2\(1\)](#)
Configures the VPN features for ASA using ASDM.
- [Cisco ASA Series VPN CLI Configuration Guide, 9.2\(1\)](#)
Configures VPN on the ASA using CLI.

- [Managing Feature Licenses for Cisco ASA Version 9.2](#)
Specifies the options that are enabled on a given ASA. Describes how to obtain a license activation key, how to activate it, and the available licenses for each model.
- [Open Source Software Licenses for the Cisco ASA Series, 9.2](#)
Contains the licenses and notices for open source software used in the ASA.
- [Release Notes for Cisco ASDM, 7.2\(x\)](#)
Contains release information for Cisco ASDM Versions 7.2(1) for the Cisco ASA series.
- [Release Notes for the Cisco ASA Series, 9.2\(x\)](#)
Contains release information for Cisco ASA software Versions 9.2(1).

Revised Documents

- [Cisco ASA New Features by Release](#)
Lists new features by release.
- [Cisco ASA Series Command Reference, A-H Commands](#)
Contains the commands available for use with the ASA to protect your network from unauthorized use and to establish Virtual Private Networks (VPNs) to connect remote sites and users to your network.
- [Cisco ASA Series Command Reference, I-R Commands](#)
Contains the commands available for use with the ASA to protect your network from unauthorized use and to establish Virtual Private Networks (VPNs) to connect remote sites and users to your network.
- [Cisco ASA Series Command Reference, S Commands](#)
Contains the commands available for use with the ASA to protect your network from unauthorized use and to establish Virtual Private Networks (VPNs) to connect remote sites and users to your network.
- [Cisco ASA Series Command Reference, T-Z and IOS Commands for the ASASM](#)
Contains the commands available for use with the ASA to protect your network from unauthorized use and to establish Virtual Private Networks (VPNs) to connect remote sites and users to your network.
- [Cisco ASA Series Firewall ASDM Configuration Guide, 7.1\(6\)](#)
Configures the firewall features for ASA using ASDM.
- [Cisco ASA Series Firewall CLI Configuration Guide, 9.1\(5\)](#)
Configures the firewall features for ASA using CLI.
- [Cisco ASA Series General Operations ASDM Configuration Guide, 7.1\(6\)](#)
Configures general operations for the ASA using ASDM.
- [Cisco ASA Series General Operations CLI Configuration Guide, 9.1\(5\)](#)
Configures general operations for the ASA using CLI.
- [Cisco ASA Series Syslog Messages](#)
Lists the new, changed, and deprecated syslog messages.

- [Cisco ASA Series VPN ASDM Configuration Guide, 7.1\(6\)](#)
Configures the VPN features for ASA using ASDM.
- [Cisco ASA Series VPN CLI Configuration Guide, 9.1\(5\)](#)
Configures VPN on the ASA using CLI.
- [Cisco Identity Services Engine Hardware Installation Guide, Release 1.2](#)
Provides information on installing Cisco Identity Services Engine on supported Cisco ISE appliances, VMware, Cisco Network Admission Control (NAC) appliance, and Cisco Secure Access Control System (ACS) appliance.
- [Cisco Identity Services Engine User Guide, Release 1.2](#)
Describes the various services and features that Cisco Identity Services Engine offers and how to configure them.
- [Navigating the Cisco ASA Series Documentation](#)
Describes the available Cisco ASA series documentation and provides links to access the documentation online.
- [Release Notes for Cisco ASDM, 7.1\(x\)](#)
Contains release information for Cisco ASDM Versions 7.2(1) for the Cisco ASA series.
- [Release Notes for Cisco Identity Services Engine, Release 1.2](#)
Describes the features, limitations and restrictions (caveats), and related information for Cisco Identity Services Engine, Release 1.2.
- [Release Notes for Cisco Secure Access Control System 5.5](#)
Provides information on the features, related documentation, resolved issues, and known issues for functionality for Cisco Secure Access Control System, Release 5.5.
- [Release Notes for the Cisco ASA Series, 9.1\(x\)](#)
Contains release information for Cisco ASA software Versions 9.2(1).

Creating Bookmarks to Cisco.com Pages

After you log in to Cisco.com, you can use the My Cisco tool to save links and documents. You can then go to the links from any Cisco.com page. The tool is available on most Cisco.com pages. See the *My Cisco User Guide* for help:

<http://www.cisco.com/web/help/mycisco.html>

Cisco Support and Downloads

The Cisco Support and Downloads website provides online resources to download documentation, software, and tools. Use these resources to install and configure the software and to troubleshoot and resolve technical issues with Cisco products and technologies. To receive security and technical information about your products, subscribe to the Product Alert Tool (accessed from Field Notices), the Cisco Technical Services Newsletter, and Really Simple Syndication (RSS) feeds.

Access to most tools on the Cisco Support and Downloads website requires a Cisco.com user ID and password.

Obtaining Additional Information

Information about Cisco products, services, technologies, and networking solutions is available from various online sources.

- Sign up for Cisco email newsletters and other communications at:
<http://www.cisco.com/offer/subscribe>
- Order the *Cisco Product Quick Reference Guide*, a portable, easy-to-use reference that provides an overview of Cisco products and solutions for each area of your business. Go to:
<http://www.cisco.com/en/US/prod/qrg/index.html>
- Visit the Cisco Services website for the latest technical, advanced, and remote services to increase the operational reliability of your network. Go to:
<http://www.cisco.com/go/services>
- Visit Cisco Marketplace, the company store, for Cisco collateral, logo merchandise, Cisco Press books, and software at:
<http://www.cisco.com/go/marketplace/>

- Obtain general networking, training, and certification titles from Cisco Press publishers at:
<http://www.ciscopress.com>
- Read the *Internet Protocol Journal*, a quarterly journal published by Cisco for engineering professionals who design, develop, and operate internets and intranets. Go to:
<http://www.cisco.com/ipj>
- *What's New in Cisco Product Documentation* (this document) is an online publication that provides information about the latest documentation releases for Cisco products. This online publication is updated monthly and organized by product category. Go to:
<http://www.cisco.com/c/en/us/td/docs/general/whatsnew/whatsnew.html>
- The Warranty Finder allows you to find warranty information that applies to a specific product or product series/family. To access Cisco Warranty Finder:
<http://www.cisco-warrantyfinder.com>
- Visit the Cisco Data Center Documentation Twitter Feed for daily updates on Cisco NX-OS features and documentation and provide feedback about the documentation.
<http://twitter.com/CiscoDCDocs>
