

Preface

This guide describes the configuration and examples for system security. For system security command descriptions, usage guidelines, task IDs, and examples, refer to the *Cisco IOS XR System Security Command Reference for the Cisco CRS Router*.

The preface contains the following sections:

- [Changes to this Document](#), page [i](#)
- [Obtaining Documentation and Submitting a Service Request](#), page [i](#)

Changes to this Document

This table lists the changes made to this document since it was first printed.

Revision	Date	Change Summary
OL-32666-01	July 2014	Initial release of this document.

Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, using the Cisco Bug Search Tool (BST), submitting a service request, and gathering additional information, see [What's New in Cisco Product Documentation](#).

To receive new and revised Cisco technical content directly to your desktop, you can subscribe to the [What's New in Cisco Product Documentation RSS feed](#). RSS feeds are a free service.
