

Important Notes

- [Migration of Cisco Unified Communications Manager, IM and Presence, page 1](#)

Migration of Cisco Unified Communications Manager, IM and Presence

This information addresses CSCvg24063.

The following note has been added in the "Cisco Prime Collaboration Deployment Features" chapter of the *Cisco Prime Collaboration Deployment Administration Guide*.

Note

Prime Collaboration Deployment Migration 11x+ to 11x+ is not supported, if "11x+" is identical version as in same major, same minor, same MR, same SU/ES.
