Preface

This preface contains the following sections:

- Audience
- Document Conventions
- Related Documentation
- Obtaining Documentation and Submitting a Service Request

Audience

This publication is for experienced network administrators who plan to install the Cisco MSE virtual appliance. This guide also describes the system requirements for the Cisco MSE virtual appliance.

Document Conventions

This document uses the following conventions:

Table 1 Conventions

Convention	Indication
bold font	Commands and keywords and user-entered text appear in **bold** font.
italic font	Document titles, new or emphasized terms, and arguments for which you supply values are in *italic* font.
[ ]	Elements in square brackets are optional.
{x	y	z}	Required alternative keywords are grouped in braced and separated by vertical bars.
[x	y	z}	Optional alternative keywords are grouped in braced and separated by vertical bars.
string	A nonquoted set of characters. Do not use quotation marks around the string or the string will include the quotation marks.
`courier` font	Terminal sessions and information the system displays appear in `courier` font
<>	Nonprinting characters such as passwords are in angle brackets.

Table 1   *Conventions*

Convention	Indication
[ ]	Default responses to system prompts are in square brackets.
!, #	An exclamation point (!) or a pound sign (#) at the beginning of a line of code indicates a comment line.

Note   Means reader take note.

Tip   Means the following information will help you solve a problem.

Caution   Means reader be careful. In this situation, you might do something that can result in equipment damage or loss of data.

Warning   This warning symbol means danger. You are in a situation that could cause bodily injury. Before you work on any equipment, be aware of the hazards involved with electrical circuitry and be familiar with standard practices for preventing accidents. (To see translations of the warnings that appear in this publication, refer to the appendix "Translated Safety Warnings.")

Related Documentation
