

## Preface

---

This preface describes the document objective, intended audience, and organization of this document, and it contains the following sections:

- [Document Revision History](#)
- [Document Objective](#)
- [Audience](#)
- [Document organization](#)
- [Obtaining Documentation and Submitting a Service Request](#)

## Document Revision History

| Document Revision       | Date              | Change Summary  |
|-------------------------|-------------------|---|
| OL-12646-08             | June 20, 2011     | Added new and changed messages introduced in Cisco IOS Release 12.2(33)SCF. |
| OL-12646-07             | November 29, 2010 | Added new and changed messages introduced in Cisco IOS Release 12.2(33)SCE. |
| OL-12646-06             | March 8, 2010     | Added new and changed messages introduced in Cisco IOS Release 12.2(33)SCD. |
| OL-12646-05             | November 16, 2009 | Added new and changed messages introduced in Cisco IOS Release 12.2(33)SCC. |
| OL-12646-04             | March 16, 2009    | Added new and changed messages introduced in Cisco IOS Release 12.2(33)SCB. |
| OL-12646-03             | June 16, 2008     | Added new and changed messages introduced in Cisco IOS Release 12.2(33)SCA. |
| OL-12646-02             | December 14, 2007 | Added new and changed messages introduced in Cisco IOS Release 12.3(23)BC.  |
| OL-12646-01             | February 5, 2007  | Added new and changed messages introduced in Cisco IOS Release 12.3(21)BC.  |
| No part number assigned | 2003              | Initial version.  |

## Document Objective

This document describes all cable-specific system, error, and other informational messages generated by the Cisco IOS CMTS universal broadband routers in Cisco IOS 12.3(23)BC, 12.3(21)BC, and 12.2(33)SC software releases. This does not mean that all CMTS platforms are supported in a given IOS software release.

For platform-specific information, see the following Release Notes:

- [Release Notes for Cisco uBR7200 Series for Cisco IOS Release 12.3 BC](#)
- [Cross-Platform Release Notes for Cisco Universal Broadband Routers in Cisco IOS Release 12.2SC](#)
- [Release Notes for the Cisco uBR10012 Universal Broadband Router for Cisco IOS Release 12.3BC](#)

## Audience

This book is intended for system administrators and operators who configure and maintain the following series of cable CMTS universal broadband routers:

- Cisco uBR7100 series
- Cisco uBR7200 series
- Cisco uBR10012 routers

## Document organization

This system messages guide is organized into the following chapters:

| Chapter Title  | Description   |
|--|---|
| <a href="#">Chapter 1, “Overview of System Messages.”</a>          | Provides an overview of the components of system messages.  |
| <a href="#">Chapter 2, “Cisco CMTS Router System Messages.”</a>    | Provides information about all CMTS generic system messages for the Cisco uBR7100 series, Cisco uBR7200 series, and Cisco uBR10012 routers. |
| <a href="#">Chapter 3, “Cisco uBR10012 Router Error Messages.”</a> | Provides information about system and error messages that are unique to the Cisco uBR10012 router.  |

## Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, submitting a service request, and gathering additional information, see the monthly *What's New in Cisco Product Documentation*, which also lists all new and revised Cisco technical documentation, at:

<http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html>

Subscribe to the *What's New in Cisco Product Documentation* as a Really Simple Syndication (RSS) feed and set content to be delivered directly to your desktop using a reader application. The RSS feeds are a free service and Cisco currently supports RSS version 2.0.
