

What's New in Cisco Product Documentation

February 2011

What's New in Cisco Product Documentation lists new and revised Cisco documentation since the last release of this monthly publication. To subscribe to the *What's New in Cisco Product Documentation* RSS feed, paste this URL into your RSS reader:

http://www.cisco.com/cdc_content_elements/rss/whats_new/whatsnew_rss_feed.xml

Previous releases of the *What's New in Cisco Product Documentation* are available at the following URL:

<http://www.cisco.com/en/US/docs/general/whatsnew/archive/archive.html>

Cisco Product Documentation Collaboration Tools

Cisco DocWiki

You can collaborate on Cisco documentation at this URL:

<http://docwiki.cisco.com>

Cisco Icon Library

Cisco icons are globally recognized and generally accepted as standard for network icon topologies. Cisco icons are available for download at the following URL:

<http://www.cisco.com/web/about/ac50/ac47/2.html>

Cisco International Websites

To find international Cisco websites, go to <http://www.cisco.com>, and click *Worldwide [change]* at the top of the page.

Americas Headquarters:

Cisco Systems, Inc., 170 West Tasman Drive, San Jose, CA 95134-1706 USA

Cisco Internetworking Terms and Acronyms (ITA)

Provides accurate and consistent definitions of internetworking terms and acronyms. These terms are specific to Cisco products, technologies, or services; they could also have an additional definition or description that is unique to Cisco.

This file does not duplicate industry-standard terms for which definitions can be found in other sources.

http://docwiki.cisco.com/wiki/Category:Internetworking_Terms_and_Acronyms_%28ITA%29

Cisco Product Photography

Cisco allows third parties to use Cisco product photography. You can download the conditions for using Cisco product photography from the following URL:

http://resources.cisco.com/app/tree.taf?asset_id=64535&public_view=true

Technical Documentation Ideas Forum

Allows you to communicate with other customers and Cisco technical writers. You can share your ideas about Cisco documentation on the Technical Documentation Ideas Forum.

Application Networking Services

Revised Documents

- [*Cisco 4700 Series Application Control Engine Appliance Device Manager GUI Configuration Guide*](#)
Explains how to use the Device Manager to configure the Cisco 4700 Series Application Control Engine (ACE) appliance, software release A3(2.7).
- [*Release Note for Cisco Wide Area Application Services \(Software Version 4.1.7b\)*](#)
Includes the upgrade and downgrade procedures and caveats for WAAS 4.1.7b.
- [*Release Note for Cisco Wide Area Application Services \(Software Version 4.2.3c\)*](#)
Includes the upgrade and downgrade procedures and caveats for WAAS 4.2.3c.
- [*Release Note for the Cisco 4700 Series Application Control Engine Appliance \(Software Version A3\(x.x\)\)*](#)
Describes the resolved and open caveats, and CLI command changes for software version A3(2.7) of the ACE appliance.

Cisco Interfaces and Modules

None at this time.

Cisco IOS and NX-OS Software

New Documents

- [*Release Notes for Cisco IOS XR Software Release 4.0.1*](#)
Describes new, changed, and unique characteristics of this release.

Revised Documents for Cisco IOS XR Release 4.0.1

For all new and revised Cisco IOS XR Release 4.0 documentation for the Cisco CRS-1 Router, Cisco XR 12000 Series Router, and Cisco ASR 9000 Series Aggregation Services Router to support Cisco IOS XR Release 4.0.1, see the following URL:

http://www.cisco.com/en/US/products/ps5845/tsd_products_support_series_home.html

Network Management and Automation

New Documents

- [*Documentation Guide for CiscoWorks QoS Policy Manager 4.1.5*](#)
Lists and describes the documents that comprise the CiscoWorks QoS Policy Manager (QPM) documentation set.
- [*Installation Guide for Cisco Unified Operations Manager 8.5*](#)
Explains how to install the product.
- [*Open Source for Cisco Unified Operations Manager 8.5*](#)
Lists the third-party open source code that Operations Manager uses.
- [*Open Source Used in CiscoWorks QoS Policy Manager 4.1.5*](#)
Lists the third-party and open source software used in CiscoWorks QPM 4.1.5.
- [*Readme for CiscoWorks QoS Policy Manager 4.1.5 on Solaris*](#)
Provides information about the newly supported devices and commands, known/resolved issues, and instructions to install the update on Solaris platform.
- [*Readme for CiscoWorks QoS Policy Manager 4.1.5 on Windows*](#)
Provides information about the newly supported devices/commands, known/resolved issues, and instructions to install the update on Windows platform.
- [*Release Notes for Cisco Unified Operations Manager 8.5*](#)
Provides late-breaking information as well as known and resolved product problems for this release.
- [*Supported Devices and Software Releases for CiscoWorks QoS Policy Manager 4.1.5*](#)
Contains information about the devices supported by QPM 4.1.5 and the QoS techniques that these devices support.
- [*Supported Devices Table for Cisco Unified Operations Manager 8.5*](#)
Describes devices and software that Operations Manager works with or supports.
- [*User Guide for Cisco Unified Operations Manager 8.5*](#)
Explains how to use the product.

- [User Guide for CiscoWorks QoS Policy Manager 4.1.5](#)

Describes how to use and configure CiscoWorks QPM 4.1.5.

Revised Documents

- [CLI Reference Guide for Cisco Secure Access Control System 5.1](#)

Explains how to configure and maintain Cisco Secure Access Control System 5.1 by using the command-line interface.

- [Installation and Upgrade Guide for the Cisco Secure Access Control System 5.1](#)

Describes the system requirements, installation, upgrade, configuration, troubleshooting, and maintenance process for the Cisco Secure Access Control System 5.1.

- [Supported and Interoperable Devices and Softwares for the Cisco Secure Access Control System 5.1](#)

Provides details about the devices and software that ACS 5.1 supports.

- [Release Notes for Cisco Unified Operations Manager 8.0](#)

Provides late-breaking information and known and resolved problems for this release.

- [Release Notes for the Cisco Secure Access Control System 5.2](#)

Provides information on the features, related documentation, resolved issues, and known issues for functionality related to ACS 5.2.

- [User Guide for Cisco Unified Operations Manager 2.3](#)

Explains how to use the product.

- [User Guide for Cisco Unified Operations Manager 8.0](#)

Explains how to use the product.

Optical Networking

The terms “Unidirectional Path Switched Ring” and “UPSR” may appear in Cisco literature. These terms do not refer to using Cisco ONS 15xxx products in a unidirectional-path-switched-ring configuration.

Instead, these terms, and “Path Protected Mesh Network” and “PPMN,” generally refer to Cisco’s Path Protection feature, which may be used in any topological network configuration. Cisco does not recommend using its Path Protection feature in any particular topological network configuration.

New Documents

- [Cisco Transport Planner DWDM Operations Guide, Release 9.2.1](#)

Explains how to design networks using the Cisco Transport Planner design tool for the Cisco ONS 15454 SONET and SDH systems. It also explains how to design an optical network.

- [Release Notes for Cisco Transport Planner, Release 9.2.1](#)

Describes the new features and enhancements for the Cisco Transport Planner, Release 9.2.1.

Physical Security and Building Systems

None at this time.

Routers

Revised Documents

- [Cisco 7600 Series Router SIP, SSC, and SPA Software Configuration Guide](#)

Describes the configuration and troubleshooting of SPA interface processors (SIPs), SPA services cards (SSCs), and shared port adapters (SPAs) that are supported on a Cisco 7600 series router.

Revised Cisco ASR 9000 Series Aggregation Services Router documentation for Cisco IOS XR Release 4.0.1

For all new and revised Cisco IOS XR Release 4.0 software and hardware documentation for the Cisco ASR 9000 Series Aggregation services router to support Cisco IOS XR Release 4.0.1, see the following URL:

http://www.cisco.com/en/US/products/ps9853/tsd_products_support_series_home.html

Revised Cisco CRS Router documentation for Cisco IOS XR Release 4.0.1

For all new and revised Cisco IOS XR Release 4.0 software and hardware documentation for the Cisco CRS-1 router to support Cisco IOS XR Release 4.0.1, see the following URL:

http://www.cisco.com/en/US/products/ps5763/tsd_products_support_series_home.html

Revised Cisco XR 12000 Series Router documentation for Cisco IOS XR Release 4.0.1

For all new and revised Cisco IOS XR Release 4.0 software and hardware documentation for the Cisco XR 12000 series router to support Cisco IOS XR Release 4.0.1, see the following URL:

http://www.cisco.com/en/US/products/ps6342/tsd_products_support_series_home.html

Security

New Documents

- [Accessibility Features in Cisco NAC Agent- Keyboard Navigation](#)

Contains information about the keyboard shortcuts that are used to navigate through Cisco NAC Agent dialogs.

Service Exchange

None at this time.

Storage Networking

None at this time.

Switches

Revised Documents

- [Cisco Nexus 5000 Series and Cisco Nexus 2000 Series Release Notes, Release 5.0\(2\)N1\(1\) and Release 5.0\(2\)N2\(1\)](#)
Describes the features, caveats, and limitations for Cisco Nexus 5000 series switches and the Cisco Nexus 2000 series Fabric Extenders.

TelePresence

None at this time.

Unified Computing

None at this time.

Universal Gateways and Access Servers

None at this time.

Video and Content Delivery

None at this time.

Voice and Unified Communications

New Documents

- [Installation and Administration Guide for Cisco Unified SRSV-CUE Release 8.0/8.5](#)
Explains how to install and administer Cisco Unified Survivable Remote Site Voicemail-Cisco Unity Express (SRSV-CUE) 8.0/8.5.
- [Release Notes for Cisco Unified SRSV-CUE Release 8.5](#)
Describes the system requirements and support information for Cisco Unified Survivable Remote Site Voicemail-Cisco Unity Express (SRSV-CUE) Release 8.5.1.

Revised Documents

- [Cisco PGW 2200 Softswitch Release 9 MML Command Reference](#)
Provides reference information for the Release 9 Man-Machine Language (MML) commands used to operate the Cisco PGW 2200 Softswitch.

Wireless

None at this time.

Creating Bookmarks to Cisco.com Pages

When you log into Cisco.com, you can use the My Cisco tool to save links and documents. You can then go to the links from any Cisco.com page. The tool is available on most Cisco.com pages. See the User Guide for help: <http://www.cisco.com/web/help/mycisco.html>.

Cisco Support and Documentation

The Cisco Support and Documentation website provides online resources to download documentation, software, and tools. Use these resources to install and configure the software in addition to troubleshooting and resolving technical issues with Cisco products and technologies.

Access to most tools on the Cisco Support and Documentation website requires a Cisco.com user ID and password.

For more information, go to this URL:

<http://www.cisco.com/cisco/web/support/index.html>

Submitting a Service Request

Open a service request online at:

<http://www.cisco.com/techsupport/servicerequest>

View a list of Cisco worldwide contacts at:

http://www.cisco.com/en/US/support/tsd_cisco_worldwide_contacts.html

Obtaining Additional Information

Information about Cisco products, services, technologies, and networking solutions is available from various online sources.

- Sign up for Cisco e-mail newsletters and other communications at:
<http://www.cisco.com/offer/subscribe>
- Use the Cisco Support website to access online resources, documentation and tools to resolve technical issues with Cisco products. To receive security and technical information about your products, you can subscribe to the Product Alert Tool (accessed from Field Notices), the Cisco Technical Services Newsletter, and Really Simple Syndication (RSS) feeds. You need a Cisco.com user ID and password to access most of the tools on the Cisco Support website.
<http://www.cisco.com/techsupport>

- Order the *Cisco Product Quick Reference Guide*, a portable, easy-to-use reference that provides an overview of Cisco products and solutions for each area of your business. Go to:
<http://www.cisco.com/en/US/prod/qrg/index.html>
- Visit the Cisco Services website for the latest technical, advanced, and remote services to increase the operational reliability of your network. Go to:
<http://www.cisco.com/go/services>
- Visit Cisco Marketplace, the company store, for Cisco collateral, logo merchandise, Cisco Press books, and software at:
<http://www.cisco.com/go/marketplace/>
- Obtain general networking, training, and certification titles from Cisco Press publishers at:
<http://www.ciscopress.com>
- Read the Internet Protocol Journal, a quarterly journal published by Cisco for engineering professionals who design, develop, and operate internets and intranets. Go to:
<http://www.cisco.com/ipj>
- *What's New in Cisco Product Documentation* (this document) is an online publication that provides information about the latest documentation releases for Cisco products. This online publication is updated monthly and organized by product category:
<http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html>
- Product Selector Application (PSA) is available for customers and allows them to select their product or technology. To access Cisco technical documentation and resources, go to the following URL:
<http://www.cisco.com/go/techdocs>
- Warranty Finder is now available for finding your warranty information that applies to a specific product or product series/family. To access Cisco Warranty Finder, go to the following URL:
<http://www.cisco-warrantyfinder.com>
- Visit the Cisco Data Center Documentation Twitter Feed for daily updates on Cisco NX-OS features and documentation and provide feedback about the documentation. Go to the following URL:
<http://twitter.com/CiscoDCDocs>
