

What's New in Cisco Product Documentation

RSS

November 2007

What's New in Cisco Product Documentation lists new and revised Cisco documentation since the last release of this monthly publication.

As of Friday, July 27, 2007, the Product Documentation Store will no longer offer Cisco technical documentation in printed format.

Note

If you wish to purchase product documentation, please order the Cisco Product Documentation DVD. The Cisco Product Documentation DVD (Part Number DOC-DOCDVD=) is available as a single unit or as a one-year subscription. The Cisco Product Documentation DVD is a comprehensive library of technical product documentation on a portable medium. You may access multiple versions of installation, configuration, command, and troubleshooting guides for Cisco hardware and software products. The DVD enables you to view the HTML documents found on our website without being connected to the Internet.

Application Networking Services

New Documents

- [Cisco Wide Area Application Engine 7341 and 7371 Hardware Installation Guide](#)
Describes how to install, maintain, and troubleshoot the WAE-7341 and WAE-7371.

Revised Documents

- [Regulatory Compliance and Safety Information for the Cisco Content Networking Product Series](#)
Provides regulatory compliance and safety information for the Cisco Content Networking Product Series.

Cisco IOS Software

None at this time.

Americas Headquarters:
Cisco Systems, Inc., 170 West Tasman Drive, San Jose, CA 95134-1706 USA

Cisco Interfaces and Modules

None at this time.

Interoperability Systems

None at this time.

Network Management

New Documents

Cisco Active Network Abstraction

- [Cisco Active Network Abstraction Administrator Guide 3.6 Service Pack 1](#)
Describes the structure and features of the Cisco ANA system. Cisco ANA Manage is the GUI client application designed to simplify and facilitate Cisco ANA administration.
- [Cisco Active Network Abstraction BQL User Guide 3.6 Service Pack 1](#)
Describes the basic functions and concepts of the Broadband Query Language and Information Model Objects, and provides basic BQL code examples.
- [Cisco Active Network Abstraction Command Builder User Guide 3.6 Service Pack 1](#)
Describes managing command scripts. Command scripts enable the user to execute a programmable sequence of SNMP or Telnet command lines.
- [Cisco Active Network Abstraction Customization User Guide 3.6 Service Pack 1](#)
Describes managing soft properties and Threshold Crossing Alarms (TCAs).
- [Cisco Active Network Abstraction Documentation Guide 3.6 Service Pack 1](#)
Describes the documentation set and explains how to get started using Cisco Active Network Abstraction 3.6 Service Pack 1.
- [Cisco Active Network Abstraction Error Messages 3.6 Service Pack 1](#)
Provides a list of system-detected errors that are supported by Cisco ANA and viewable in Cisco ANA EventVision.
- [Cisco Active Network Abstraction EventVision User Guide 3.6 Service Pack 1](#)
Describes the events that are logged in the Cisco ANA Gateway and how they can be viewed.
- [Cisco Active Network Abstraction Fault Management User Guide 3.6 Service Pack 1](#)
Describes the Cisco ANA event processing and parsing mechanisms and also details the various polling groups.
- [Cisco Active Network Abstraction High Availability User Guide 3.6 Service Pack 1](#)
Describes the high availability (redundancy) and protection options available for Cisco ANA Units and Cisco ANA Gateways.
- [Cisco Active Network Abstraction Installation Guide 3.6 Service Pack 1](#)
Describes the typical installation of Cisco ANA and the Cisco ANA Client.

- [Cisco Active Network Abstraction Managing MPLS User Guide 3.6 Service Pack 1](#)
Describes the tools included in NetworkVision that are used to monitor network-based environments, specifically MPLS networks. It describes logical inventory information specific to MPLS, fault management, service impact analysis, MPLS-TE, and multipath tracing.
- [Cisco Active Network Abstraction NetworkVision User Guide 3.6 Service Pack 1](#)
Describes Cisco NetworkVision and its use in network-based environments.
- [Cisco Active Network Abstraction Release Notes 3.6 Service Pack 1](#)
Describes the features and caveats for Cisco ANA 3.6 Service Pack 1.
- [Cisco Active Network Abstraction Shell User Guide 3.6 Service Pack 1](#)
Describes implementation guidelines of the Cisco ANA interface, basic command behavior, and the various commands supported by the Cisco ANA.
- [Cisco Active Network Abstraction Technology Support and Information Model Reference Manual 3.6 Service Pack 1](#)
Outlines the level of functionality that Cisco ANA provides for each supported technology.
- [Cisco Active Network Abstraction Workflow User Guide 3.6 Service Pack 1](#)
Describes how to create, run, manage, and view workflows using Cisco ANA Workflow Editor, Cisco ANA Manage, and Cisco ANA EventVision.

Cisco Application Deployment Engine

- [Cisco Application Deployment Engine \(ADE\) 1010 and 2120 Series Appliance Hardware Installation Guide](#)
Describes the hardware, installation procedures, rack mounting, and troubleshooting of the Cisco ADE 1010 and 2120 Series appliance.
- [RCSI for the Cisco Application Deployment Engine \(ADE\) 2130 and 2140 Series Appliance](#)
Describes the regulatory compliance and safety information of the Cisco Application Deployment Engine (ADE) 2130 and 2140 Series appliance.
- [Release Notes for the Cisco Application Deployment Engine \(ADE\) 1010 and 2120 Series Appliance](#)
Provides late-breaking and cumulative release, upgrade, and installation information for the Cisco ADE 1010 and 2120 Series appliance.

Cisco IP Solution Center

- [Cisco IP Solution Center API Programmer Guide, 5.0](#)
Describes Cisco IP Solution Center (ISC) 5.0 Application Programming Interfaces (APIs) that are available to third-party Operations Support System (OSS) products.
- [Cisco IP Solution Center API Programmer Reference, 5.0](#)
Provides XML examples for Cisco IP Solution Center (ISC) 5.0.
- [Cisco IP Solution Center Getting Started and Documentation Guide, 5.0](#)
Provides the URLs for the complete documentation set for Cisco IP Solution Center (ISC) 5.0, explains the recommended order of using the documents and the information that they contain, and provides information on how to get started using each of the ISC 5.0 components.

- [Cisco IP Solution Center Infrastructure Reference, 5.0](#)
Explains the common elements for Cisco IP Solution Center (ISC) 5.0. WatchDog commands and each of the GUI navigation paths are explained. Property settings and a glossary of terms for the product are also provided.
- [Cisco IP Solution Center Installation Guide, 5.0](#)
Provides the system recommendations and describes how to install and log in to the Cisco IP Solution Center (ISC) 5.0 software.
- [Cisco IP Solution Center Metro Ethernet and L2VPN User Guide, 5.0](#)
Explains how to use Metro Ethernet and Layer 2 VPN within Cisco IP Solution Center (ISC) 5.0.
- [Cisco IP Solution Center MPLS VPN User Guide, 5.0](#)
Explains how to use MPLS VPN within Cisco IP Solution Center (ISC) 5.0.
- [Cisco IP Solution Center System Error Messages, 5.0](#)
Lists many of the System Error Messages for Cisco IP Solution Center (ISC) 5.0 and gives more detailed explanations and recommended actions.
- [Cisco IP Solution Center Traffic Engineering Management User Guide, 5.0](#)
Explains how to use Traffic Engineering Management (TEM) within Cisco IP Solution Center (ISC) 5.0.
- [Cisco MPLS Diagnostics Expert 2.1 Failure Scenarios Guide on ISC 5.0](#)
Details the failure scenarios and observations reported by the MPLS Diagnostics Expert (MDE) 2.1 application for Cisco IP Solution Center (ISC) 5.0.
- [Cisco MPLS Diagnostics Expert 2.1 User Guide on ISC 5.0](#)
Explains how to use the Cisco MPLS Diagnostics Expert (MDE) 2.1 application for Cisco IP Solution Center (ISC) 5.0.
- [Release Notes for Cisco IP Solution Center, 5.0](#)
Provides information on system recommendations, new, changed, and dropped features, problems fixed, important notes, and access to known problems for Cisco IP Solution Center (ISC) 5.0.

Cisco Network Registrar: Security and Identity Management

- [Cisco Network Registrar CLI Reference Guide, 6.3](#)
Describes the command-line interface for Network Registrar 6.3.
- [Cisco Network Registrar Installation Guide, 6.3](#)
Describes the installation and upgrade procedures for Network Registrar 6.3.
- [Cisco Network Registrar User's Guide, 6.3](#)
Describes the functions and concepts of Network Registrar 6.3.
- [Release Notes for Cisco Network Registrar, 6.3](#)
Provides release features and upgrade information for Network Registrar 6.3.

Revised Documents

- [RCSI for the Cisco Application Deployment Engine \(ADE\) 1010 and 2120 Series Appliance](#)
Describes the regulatory compliance and safety information of the Cisco Application Deployment Engine (ADE) 1010/2120 Series appliance.

Optical Networking

The terms “Unidirectional Path Switched Ring” and “UPSR” may appear in Cisco literature. These terms do not refer to using Cisco ONS 15xxx products in a unidirectional path switched ring configuration. Rather, these terms, as well as “Path Protected Mesh Network” and “PPMN,” refer generally to Cisco’s path protection feature, which may be used in any topological network configuration. Cisco does not recommend using its path protection feature in any particular topological network configuration.

Routers

None at this time.

Security

New Documents

- [Cisco NAC Guest Server Installation and Configuration Guide, Release 1.0.0](#)
Describes how to install the Cisco NAC Guest Server appliance via CLI and how to configure guest access through the Guest Server’s web-based interface.
- [Release Notes for Cisco NAC Guest Server, Release 1.0.0](#)
Provides late-breaking release information for Cisco NAC Guest Server, release 1.0.0.

Revised Documents

- [Cisco NAC Appliance Service Contract/Licensing Support](#)
Describes support, licensing, and RMA for Cisco NAC Appliance, Cisco NAC Profiler, and Cisco NAC Guest Server.

Server Networking and Virtualization

None at this time.

Service Exchange

None at this time.

Storage Networking

None at this time.

Switches

None at this time.

TelePresence

None at this time.

Universal Gateways and Access Servers

None at this time.

Video, Cable and Content Delivery

None at this time.

Voice and Unified Communications

None at this time.

Wireless

None at this time.

Obtaining Support from Cisco

Take full advantage of Cisco Support opportunities at:

<http://www.cisco.com/en/US/support/index.html>

Use this website for the tasks listed below and more.

- Obtain technical assistance
- Download software
- Report security vulnerabilities or obtain assistance with security incidents that involve Cisco products
- Access tools and resources
 - Sign up for product alerts
 - Register for field notices
 - Search for known issues using the Bug Toolkit
- Participate in technology discussions with the Networking Professionals (NetPro) community

- Access training resources
- Interactively identify and troubleshoot common hardware, configuration, and performance issues using the TAC Case Collection tool

Submitting a Service Request

Open a service request online at:

<http://www.cisco.com/techsupport/servicerequest>

To view a list of Cisco worldwide contacts, go to:

<http://www.cisco.com/warp/public/687/Directory/DirTAC.shtml>

Obtaining Additional Information

Information about Cisco products, services, technologies, and networking solutions is available from various online sources.

- Sign up for Cisco e-mail newsletters and other communications at the Cisco Subscription Center at:
<http://www.cisco.com/offer/subscribe>
- Learn about modifications to or updates about Cisco products. Go to the Product Alert Tool to create a profile, and then choose those products for which you want to receive information. Go to:
<http://tools.cisco.com/Support/PAT/do/ViewMyProfiles.do?local=en>
- Order the Cisco Product Quick Reference Guide, a reference tool that includes product overviews, key features, sample part numbers, and abbreviated technical specifications for many Cisco products that are sold through partners. Go to:
<http://www.cisco.com/go/guide>
- Visit the Cisco Services website to learn the latest technical, advanced, and remote services available to increase the operational reliability of your network. Go to:
<http://www.cisco.com/go/services>
- Visit Cisco Marketplace, the company store, for a variety of books, reference guides, documentation, and logo merchandise at:
<http://www.cisco.com/go/marketplace/>
- Purchase a copy of Cisco technical documentation on a DVD, (Cisco Product Documentation DVD) from the product documentation store at:
<http://www.cisco.com/go/marketplace/docstore>
- Obtain general networking, training, and certification titles from Cisco Press publishers at:
<http://www.ciscopress.com>
- Read the Internet Protocol Journal, a quarterly journal published by Cisco for engineering professionals who design, develop, and operate internets and intranets. Go to:
<http://www.cisco.com/ipj>

- *What's New in Cisco Product Documentation* (this document) is an online publication that provides information about the latest documentation releases for Cisco products. Updated monthly, this online publication is organized by product category to direct you to the documentation for your products:

<http://www.cisco.com/en/US/docs/general/whatsnew/whatsnew.html>

- Access international Cisco websites at:

http://www.cisco.com/public/countries_languages.shtml

Any Internet Protocol (IP) addresses used in this document are not intended to be actual addresses. Any examples, command display output, and figures included in the document are shown for illustrative purposes only. Any use of actual IP addresses in illustrative content is unintentional and coincidental.
