

## Preface

---

This guide describes the syslog messages generated by the Cisco ASA 5500 series and PIX 500 series security appliance software Version 8.0(5). Messages that display on the console from non-syslog errors are not listed.

## Obtaining Documentation and Submitting a Service Request

For information on obtaining documentation, submitting a service request, and gathering additional information, see the monthly *What's New in Cisco Product Documentation*, which also lists all new and revised Cisco technical documentation, at:
