

Preface

This manual describes how to use the Auto Update Server (AUS) application. It contains the following sections:

- [Audience, page ix](#)
- [Conventions, page ix](#)
- [Product Documentation, page x](#)
- [Related Documentation, page xi](#)
- [Obtaining Documentation and Submitting a Service Request, page xii](#)

Audience

This manual is for users who are skilled in network management and configuration, and who are responsible for configuring and maintaining PIX firewalls and Adaptive Security Appliance (ASA) devices.

Conventions

This document uses the following conventions:

Item	Convention
Commands and keywords	boldface font
Variables for which you supply values	<i>italic font</i>
Displayed session and system information	screen font
Information you enter	boldface screen font
Variables you enter	<i>italic screen font</i>
Menu items and button names	boldface font
