

## Deleting Cisco Gateways

---

To locate the records that you want to delete, you must define a query filter. Use the following procedure to delete a group of gateways from the Cisco Unified Communications Manager database.

Using the Delete Gateway Configuration window, you can only delete Cisco VG200 and Cisco Catalyst 6000 gateways.

## Deleting Cisco Gateways

To delete gateways from Cisco Unified Communications Manager, use the following procedure.

### Procedure

---

- Step 1** Choose **Bulk Administration > Gateways > Delete Gateways**.  
The Find and List Gateway Configuration window displays.
- Step 2** From the Find Gateways where drop-down list box, choose one of the following options:
- Name
  - Description
  - DN/Route Pattern
  - Calling Search Space
  - Device Pool
  - Device Type
- Step 3** From the second Find Gateways Report where drop-down list box, choose one of the following criteria:
- begins with
  - contains
  - is exactly
  - ends with
  - is empty
  - is not empty
- Step 4** From the third drop-down list box, choose **Show** to display the associated endpoints.
- Step 5** Specify the appropriate search text, if applicable.

---

**Tip** To find all gateways that are registered in the database, click **Find** without entering any search text.

---

- Step 6** To further define your query, you can choose **AND** or **OR** to add multiple filters and repeat steps 2 through 5.
- Step 7** Click **Find**.
- A list of discovered templates displays by:
- Device Name
  - Description
  - Device Pool
  - Status
  - IP address
- Step 8** In the Job Information area, enter the Job description.
- Step 9** Click the Run Immediately radio button to delete gateways immediately or, click Run Later to delete them at a later time.
- Step 10** Click **Submit** to create a job for deleting the gateway records.
- Step 11** Use the Job Scheduler option in the Bulk Administration main menu to schedule and/or activate this job. For more information on jobs, see the [Chapter 63, “Scheduling Jobs.”](#) For information on log files, see [“BAT Log Files” section on page 64-3.](#)

**Caution**

---

If you do not enter any information in the query text box, the system deletes all gateway records. Because the delete action is final, you cannot retrieve deleted records.
