

CAD 6.5 Documentation Release Notes

Revised: December 5, 2008

Introduction

These release notes describe the changes made to CAD 6.5 documentation after its release in May 2007.

Documentation Revisions

Cisco CAD Installation Guide

Date Revised:	November 7, 2007
Page Number:	44
Updated Text:	Change the first paragraph to read: <ul style="list-style-type: none">• 6293 is the Tomcat webserver port. If 6293 is not the port number in your system, check the port parameter in the file C:\Program Files\wfvavvid\Tomcat_appadmin\conf\server.madm.xml for the correct value.
Page Number:	46
Updated Text:	Under the section, “URL Authentication Parameter” remove the note and change the second paragraph to read: This parameter is located on the System > Enterprise Parameters page, in the Phone URL Parameters section. It should be: <code>http://CCMCIP/authenticate.asp</code>
Date Revised:	December 5, 2008
Page Number:	33
Updated Text:	Add the following note to the section, “Using Automated Package Distribution Tools”.

Americas Headquarters:
Cisco Systems, Inc., 170 West Tasman Drive, San Jose, CA 95134-1706 USA
