

## End-of-Sale and End-of-Life Announcement for the Cisco Catalyst 6500/Cisco 7600 Series Router Anomaly Guard Module and Anomaly Detector Module

EOL6842

Cisco announces the end-of-sale and end-of life dates for the Cisco Catalyst 6500/Cisco 7600 Series Router Anomaly Guard Module and Anomaly Detector Module. The last day to order the affected product(s) is July 31, 2010. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available until the termination date of the contract, even if this date exceeds the Last Date of Support shown in Table 1.

**Table 1.** End-of-Life Milestones and Dates for the Cisco Catalyst 6500/Cisco 7600 Series Router Anomaly Guard Module and Anomaly Detector Module

Milestone	Definition	Date
<b>End-of-Life Announcement Date</b>	The date the document that announces the end of sale and end of life of a product is distributed to the general public.	January 30, 2010
<b>End-of-Sale Date</b>	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	July 31, 2010
<b>Last Ship Date: OS SW, HW</b>	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	October 29, 2010
<b>End of SW Maintenance Releases Date: OS SW, HW</b>	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	July 31, 2011
<b>End of Routine Failure Analysis Date: HW</b>	The last-possible date a routine failure analysis may be performed to determine the cause of product failure or defect.	July 31, 2011
<b>End of New Service Attachment Date: OS SW, HW</b>	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	July 31, 2011
<b>End of Service Contract Renewal Date: OS SW, HW</b>	The last date to extend or renew a service contract for the product.	October 26, 2014
<b>Last Date of Support: HW</b>	The last date to receive service and support for the product. After this date, all support services for the product are unavailable, and the product becomes obsolete.	July 30, 2015

HW = Hardware OS SW = Operating System Software App. SW = Application Software

**Table 2.** Product Part Numbers Affected by This Announcement

End-of-Sale Product Part Number	Product Description	Replacement Product Part Number	Replacement Product Description	Additional Information
LIC-ADM-2G-K9	Detector Module 2G License	See the Product Migration Options section below for detailed information on replacing this product.

## Product Migration Options

Cisco will partner with Arbor Networks to continue to provide a comprehensive anti-DDoS solution. The key components of this integrated solution include the Cisco NetFlow technology on Cisco network routing and switching platforms, the Arbor Peakflow SP and Threat Management System (TMS). Customers can migrate to this new architecture for future developments in anti-DDoS protection. Information on Arbor Peakflow SP products can be found at: <http://www.arbornetworks.com/cleanpipes>.

Customers can use the Cisco Technology Migration Program (TMP) to trade-in products and receive credit toward the purchase of new Cisco equipment. For more information about Cisco TMP, customers should work with their Cisco Partner or Cisco account team. Cisco Partners can find additional TMP information on Partner Central at <http://www.cisco.com/web/partners/pr11/incentive/tmp/index.html>

Customers may be able to continue to purchase the Cisco Catalyst 6500/Cisco 7600 Series Router Anomaly Guard Module and Anomaly Detector Module through the Cisco Certified Refurbished Equipment program. Refurbished units may be available in limited supply for sale in certain countries on a first-come, first-served basis until the Last Date of Support has been reached. For information about the Cisco Certified Refurbished Equipment program, go to: <http://www.cisco.com/go/eos>

Service prices for Cisco products are subject to change after the product End of Sale date.

The Cisco Takeback and Recycle program helps businesses dispose properly of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to:

[http://www.cisco.com/web/about/ac227/ac228/ac231/about\\_cisco\\_takeback\\_recycling.html](http://www.cisco.com/web/about/ac227/ac228/ac231/about_cisco_takeback_recycling.html)
