

## Announcing Cisco Monitor Director 2 for 1 Agent Promotion

### Cisco announces a limited time 2 for 1 promotion on Cisco® Monitor Director agents.

Partners can take advantage of a limited time promotion on the Cisco Monitor Director 1.1.2 agent. During this promotion, partners who purchase the two product ID's listed in Table 1 will get two Cisco Monitor Director agents (25- or 70-device agent) for the price of one. This promotion will be offered beginning March 24, 2008, and end on July 25, 2008.

Cisco Monitor Director helps enable Cisco partners and managed service providers to provide comprehensive 24-hour remote real-time monitoring and management of data and voice services to their small and medium-sized business (SMB) customers with 5 to 250 users.

The Cisco Monitor Director product saves time and money because you can remotely detect, diagnose, and fix problems faster, without having to leave your office. You'll become a trusted advisor to your SMB customers as you improve the quality of their monitoring service and help them lower operational costs and increase recurring revenue, profit, and cash flow.

Cisco Monitor Director consists of:

- A centralized browser-accessible console, deployed at your location, which provides secure visibility into all your SMB customer networks
- An agent, deployed inside each customer network, which collects and reports critical network data over a secure communications channel

Please refer to the Product Literature section of the Cisco Monitor Director product page <http://www.cisco.com/go/cmd> for more details about the product.

To participate in this promotion, order the appropriate promotional part number (listed in Table 1) based on the size of the SMB networks (number of devices to be managed). These part numbers are available for purchase through regular Cisco sales and distribution channels worldwide. Technical support services are orderable on these products through Cisco Software Application Support (SAS) programs. Service part numbers can be found on Cisco.com online ordering tools and price lists.
