

## End-of-Sale and End-of-Life Announcement for the Cisco ONS 15530 Metro DWDM Platform

EOL4053

Cisco® announces the end-of-sale and end-of-life dates for the Cisco ONS 15530 Metro DWDM Platform. The last day to order the Cisco ONS 15530 Metro DWDM Platform is June 16, 2007. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the Cisco ONS 15530 Metro DWDM Platform. Table 2 lists the product part numbers affected by this announcement.

The recommended replacement for the Cisco ONS 15530 is the Cisco ONS 15454 Multiservice Transport Platform. However, ONS 15500 customers who require next-generation DWDM capability are encouraged to discuss their requirements with the local systems/sales engineer who can help determine the most appropriate expansion or migration option. Next-generation DWDM has advanced significantly, and, as a result, there is not a direct blade-for-blade relationship between the ONS 15500 platform and the ONS 15454 MSTP, although the core functionality is similar. The Cisco technical team can help evaluate the best migration or expansion strategy for each customer.

**Table 1.** End-of-Life Milestones and Dates for the Cisco ONS 15530 Metro DWDM Platform

Milestone	Definition	Date
<b>End-of-Life Announcement Date</b>	The date the document that announces the end of sale and end of life of a product is distributed to the general public.	June 16, 2006
<b>End-of-Sale Date</b>	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	June 16, 2007
<b>Last Ship Date: HW, OS SW</b>	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	September 15, 2007
<b>End of SW Maintenance Releases Date: OS SW</b>	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	June 15, 2008
<b>End of Routine Failure Analysis Date: HW</b>	The last-possible date a routine failure analysis may be performed to determine the cause of product failure or defect.	June 15, 2008
<b>End of New Service Attachment Date: HW, OS SW</b>	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	June 15, 2008
<b>End of Service Contract Renewal Date: HW, OS SW</b>	The last date to extend or renew a service contract for the product.	September 14, 2011
<b>Last Date of Support: HW, OS SW</b>	The last date to receive service and support for the product. After this date, all support services for the product are unavailable, and the product becomes obsolete.	June 14, 2012

HW = Hardware      OS SW = Operating System Software      App. SW = Application Software

### Product Migration Options

Cisco ONS 15500 customers who require next-generation DWDM capability are encouraged to discuss their requirements with the local systems/sales engineer who can help determine the most appropriate expansion or migration option. Next-generation DWDM has advanced significantly, and, as a result, there is not a direct blade-for-blade relationship between the ONS 15500 platform and the ONS 15454 MSTP, although the core functionality is similar. The Cisco technical team can help evaluate the best migration or expansion strategy for each customer.

Customers can use the Cisco Technology Migration Plan (TMP) to trade in products and receive credit toward the purchase of new Cisco equipment. For more information about Cisco TMP, go to: <http://www.cisco.com/go/tradein/>. The Cisco TMP application requires all users to have a Cisco.com user ID.

Customers may be able to continue to purchase the end-of-sale product through Cisco's Authorized Refurbished Equipment program. Refurbished units of the end-of-sale product are available in limited supply for sale in certain countries on a first-come, first-served basis. For information about the refurbished equipment program, go to: [http://www.cisco.com/web/ordering/ciscocapital/or6/or17/order\\_refurbished\\_equipment\\_high\\_level\\_listing.html](http://www.cisco.com/web/ordering/ciscocapital/or6/or17/order_refurbished_equipment_high_level_listing.html).
