

Go Mobile, Go Faster, Save Money with Cisco 802.11n

Now everyone can experience the power of mobility. With the ratification of 802.11n, organizations can raise their networks to the power of n with confidence. Cisco is leading the market transition toward 802.11n by dramatically simplifying the adoption of the industry's most powerful wireless technology. Act now to learn more about this [802.11n special offer](#).

Introducing the Cisco 802.11n Acceleration Kit:

- Save money on the Cisco® Aironet® 1140 Series Access Points with a new list price of only \$995*.
- Save up to 15 percent when you buy the 1140 Series bundled with the Cisco 5500 Series Wireless LAN controller*
- Test drive the industry's best before you buy by taking advantage of the Cisco 30-Day Test Drive program.**
- Trade in your existing wireless gear and receive up to 10 percent trade-in credit towards Cisco Aironet 1140 Series Access Points.
- Satisfy your need for speed today and defer payment with attractive financing options.
- Conserve your IT resources and let Cisco do the work with wireless migration services.

You do the math. Cisco's 802.11n technology adds up to:

- Seven times more video
- Eight times more users
- Nine times the speed

And with Cisco, you get the industry's best 802.11n solution—now at a fraction of the cost.

*1140 Series Offer Details

Cisco is removing the cost barrier to 802.11n through attractive pricing for the Cisco Aironet 1140 Series. When purchasing a 5-unit or 10-unit Cisco Aironet 1140 Series Eco-Pack, customers will now pay \$4975 for the 5-pack and \$9950 for the 10-pack for a per-unit price of \$995. A simple addition to your existing network, the Cisco Aironet 1140 Series is the industry's leading, high-performance platform and combines sleek design and power efficiency with 802.11n performance and robust security. Whether you are deploying access points in standalone mode or as part of a large, centralized WLAN deployment, the Cisco Aironet 1140 Series offers excellent performance for reliable delivery of Wi-Fi voice, streaming video, and business applications.

*Limited Time Bundle Offer Details**

Only available in countries that adhere to ETSI or FCC regulations. Cisco is offering a limited time promotional discount on the purchase of the Cisco® 5500 Series Wireless Controller, Cisco Aironet® 1140 Series Access Points, and Cisco Wireless Control System (WCS) demonstration license to help you accelerate your transition to next generation wireless technologies and experience the benefits of 802.11n.

**Available only in the U.S. and Canada

Additional Offers

Test Drive 802.11n

To help you evaluate the difference 802.11n can make, Cisco is pleased to offer to you, Cisco 802.11n evaluation kits. The Cisco 30-day Test Drive program is available in the United States and Canada only to end users and Cisco Premier and Authorized Resellers purchasing from 2-Tier distribution. You can borrow a wireless LAN evaluation kit for 30 days at no charge. These wireless LAN products can be installed at an end-user site or used for reseller training purposes, trade shows, or reseller lab testing. The evaluation period begins on the date the products are received by you and expires 30 days after that date. For more information, visit: www.rmkrpartner.com/cisco/wirelesseval.

Trade in Your Old Wireless Gear

The Cisco Technology Migration Program (TMP) is a global program for customers to trade in Cisco Aironet 1000, 1120, 1130, 1200, 1230 and 1240 Series Access Points in exchange for a trade-in credit of up to 10 percent toward the purchase of new Cisco Aironet 1140 Series and 1250 Series Access Points. For more information, visit: www.cisco.com/web/partners/downloads/partner/WWChannels/technology/wireless/download/cisco_enhanced_mobility_tech_migtation.pdf (partner login required).

Wireless Competitive Equipment Exchange

Under this global program, customers can trade in competitive wireless LAN and wireless mesh products for credit toward Cisco wireless equipment. Trade-in credits are calculated based on manufacturer, series, and product type. For more information, visit www.cisco.com/web/partners/sell/promotions/001216.html (partner login required). Valid through December 31, 2009.

Cisco Capital

Cisco CapitalSM can help you fund the transition to 802.11n in a difficult economic climate. Use Cisco Capital expertise to gain a longer-term, more strategic view on how you can acquire, manage, and secure the technology lifecycle that underpins your business. In the United States, Cisco is now offering a three-month, interest-free payment deferral on all Cisco hardware, software, and bundled services, so that you can prosper like never before. For more information, visit www.cisco.com/web/ordering/ciscocapital/cf/na/index.html.

In Europe, Cisco Capital financing is offering a six-month payment deferral financing solution, easy-lease, 0 percent financing, and flexible terms. For more information about Cisco Capital Europe, visit www.cisco.com/web/europe/cceu/cisco_capital_index.html. To see a full list of Cisco Capital offers in every theater, visit: www.cisco.com/web/ordering/ciscocapital/cf/index.html.

Cisco WLAN Services

Cisco and our Advanced Wireless LAN Specialized Partners offer a broad portfolio of end-to-end services that help you take full advantage of the throughput, reliability, and coverage predictability of higher speed WLAN technologies, including 802.11n. These services are based on deep knowledge and proven methodologies for planning and deploying a variety of secure voice and data wireless network solutions, technologies, and strategies. For more information about Cisco Wireless LAN 802.11n Migration Service and Cisco Wireless LAN 802.11n Readiness Assessment Service, visit www.cisco.com/go/wirelesslanservices.
