Cisco.com Registered User Benefits

The benefits that you can receive by registering for a Cisco.com login are:

- Saves time and increases user self-sufficiency by offering a wealth of information on products, promotions, services, and support
- Enables users to enhance their skills through specialised training, certification programs, and online skill assessment
- Delivers immediate access to information about Cisco and its networking solutions, services, and programmes
- Enhances network capabilities by allowing users to download and test selected software packages
- Increases knowledge and awareness by providing access to technical documentation and information about online support services
- Cisco.com's industry-leading Technical Assistance Centre (TAC) Website offers online knowledge bases, tools, and software to assist in the resolution of technical problems

without the wait sometimes associated with a phone call. Provides immediate, online access to Cisco event calendars, enabling users to stay informed about upcoming conferences and trade shows in which Cisco participates

- Ensures network uptime and reliability by delivering immediate access to a variety of online support services
- Provides immediate, online access to Cisco event calendars, saving users time and enabling them to stay informed about training programs
- Keeps users informed by allowing them to register to receive timely information, press announcements, new Cisco publication releases and more

How to obtain password access to Cisco.com

Before being able to access many resources on Cisco.com you must have a cisco.com User ID and password and your company must be a Cisco Channel Partner in one of the following categories:

- Cisco Authorised Reseller
- Premier Certified Reseller
- Silver Certified Reseller
- Gold Certified Reseller

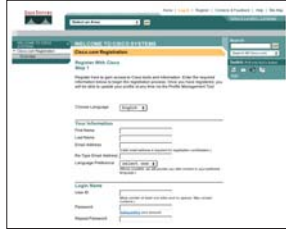

Skip to step two if you already have a cisco.com User ID and password but you want to register your company as a Cisco Channel Partner.

Skip to step three if you already have a cisco.com User ID and your company is already registered as a Cisco Channel Partner but you want to update your company association to access the Webvoucher tool.

STEP 1

How to get an individual cisco.com User ID and password

- 1 Go to User Registration @ <http://tools.cisco.com/RPF/register/register.do> where you have to complete the form with your personal details, company details and job description.
- 2 You will be asked to create a user name and password.
- 3 An e-mail will be sent to your address instantly. Please open your mail and click on the URL link to go back to your browser.
- 4 You will be asked to link your cisco.com User ID with your company.

STEP 2

Registering your company as a Cisco Channel Partner
(Learn more about becoming a Cisco Channel Partner @ http://www.cisco.com/en/US/partners/pr46/pr194/partners_pgm_concept_home.html)

- 1 You can apply to make your company an authorised reseller at Partner registration @ <http://tools.cisco.com/WWChannels/IPA/welcome.do>
- 2 Register with your Cisco.com User ID and password and fill out the online Channel Partner Application form.
- 3 Applications will take five days to process. Once your company is registered anyone within the company can create their own individual cisco.com User ID by following step three.

STEP 3

How to update your company association in the event of an error message

- 1 Go to Associate Myself with a company @ <http://tools.cisco.com/WWChannels/GETLOG/login.do;jsessionid=1io2pzjx11.GETLOGa>
- 2 Click on the link "Associate Myself with a Company" under "Manage Access".
- 3 Select your "Country" from the dropdown menu and enter your company name in the "Partner name" field - Click on Next - Your company name is displayed.
- 4 Select your company by clicking the radio button available next to it - Click on Next.
- 5 Select the company "Location" from the dropdown menu - Click on Submit.
- 6 Application will take 48 hours to process.
