

# Packet Riders

## Peter Packet Theme Song Lyrics

Peter Packet hears the call  
On Internet protocol  
Jumping through the firewall  
(Peter Packet!)  
For every path that he takes  
A router tries not to make  
bandwidth mistakes.

### CHORUS:

Peter Packet is on the go  
Helping the world—you can't go slow  
Peter Packet is on the go, on the go  
(Peter Packet!)

A server sends the packets out  
Each one takes a different route  
Speed is what it's all about  
Dodging all viruses  
Trying not to get caught  
In the hacker's net

### CHORUS:

Peter Packet is on the go  
Helping the world—you can't go slow  
Peter Packet is on the go, on the go  
(Peter Packet!)
