

# End of Engineering for 12.0DC

Release 12.0DC will reach End of Engineering with Cisco IOS Software Release 12.0(7)DC. End of Engineering means that there will be no more scheduled maintenance releases for 12.0DC. Ongoing support for functionality in Release 12.0DC will be available in Release 12.1DC. The migration path for customers requiring bugfixes to 12.0DC releases is the 12.1DC release. All the functionality in 12.0DC has been put into the 12.1DC release. Since 12.0(7)DC is the last maintenance release, Cisco IOS Software Release 12.0(7)DC is also the last 12.0DC maintenance release that is orderable.

For specific 12.0DC or 12.1DC release dates, refer to Product Bulletin 431.
