

# Cisco 7200, 7304, 7400 and 7500 Series Routers GBIC Product Code Transition

Cisco Systems® is migrating the Cisco 7200, 7304, 7400 and 7500 Series Gigabit Interface Converter (GBIC) product codes to standard Cisco® product codes. There is no change in functionality, compatibility, or compliance because the physical hardware will remain the same. Only the product code will change.
