

End-of-Sale and End-of-Life Announcement for the Cisco Catalyst 4000 Series 650-Watt DC Power Supply

Cisco Systems® announces the end of life of the Cisco® Catalyst® 4000 Series 650-Watt DC Power Supply. The last day to order the Cisco Catalyst 4000 Series 650-Watt DC Power Supply is December 9, 2003. Customers will continue to receive support from the Cisco Technical Assistance Center (TAC) until December 7, 2008. The Cisco Catalyst 4000 Series 400-Watt DC Power Supply will continue to be available. Table 1 describes the end-of-life milestones, definitions, and dates for the Cisco Catalyst 4000 Series 650-Watt DC Power Supply.

Customers are encouraged to migrate to the Cisco Catalyst 4500 Series 1400-Watt DC Power Supply. This power supply supports 1+1 power supply redundancy and inline power pass-through with an integrated power entry module.

Table 1 End of Life Milestones and Dates for the Cisco Catalyst 4000 Series 650-Watt DC Power Supply

Milestone	Definition	Date
End of life announcement date	The date the end of sale and end of life of a product is announced to the general public.	June 12, 2003
End of sale date	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale.	December 9, 2003
Last shipment date	The last possible date that Cisco and/or its contract manufacturers will ship the affected product.	March 9, 2004
End of software maintenance releases date	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	December 8, 2004
End of routine failure analysis date	The last possible date a routine failure analysis may be performed to determine the cause of product failure or defect.	December 8, 2004
End of new service attachment date	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract	December 8, 2004
End of service contract renewal date	The last date to extend or renew a service contract for the product. The extension or renewal period cannot extend beyond the last date of support.	December 12, 2007

Table 1 End of Life Milestones and Dates for the Cisco Catalyst 4000 Series 650-Watt DC Power Supply

Milestone	Definition	Date
Last date of support	The last date to receive service and support for the product. After this date, all support services for the product are unavailable, and the product becomes obsolete.	December 7, 2008

Table 2 lists the part numbers affected by this announcement.

Table 2 Product Part Numbers Affected by this Announcement

End of Sale Product Part Number	Product Description
WS-X4008-DC-650W=	Cisco Catalyst 4000 Series 650-Watt DC Power Supply (spare)

Product Migration Options

The recommended replacement for the Cisco Catalyst 4000 Series 650-Watt DC Power Supply is the 1400-Watt DC power supply for the Cisco Catalyst 4500 Series chassis. The Cisco Catalyst 4500 1400-Watt DC Power Supply supports 1+1 power supply redundancy and inline power pass-through with an integrated power entry module. A chassis upgrade is required because the 1400-Watt DC power supply cannot be deployed in a Cisco Catalyst 4003 or 4006 chassis.

Table 3 provides information for migrating from the Cisco Catalyst 4000 650-Watt DC Power Supply to the Cisco Catalyst 4500 Series 1400-Watt DC Power Supply.

Table 3 Replacement Products

End-of-Sale Product Part Number	Deployed With Chassis	Replacement Product Part Numbers
WS-X4008-DC-650W=	Cisco Catalyst 4003 or 4006 chassis	PWR-C45-1400W-DC-P with a WS-C4507R, WS-4506, or WS-4503

Customers can use the Cisco Technology Migration Plan (TMP) to trade in products and receive credit toward the purchase of new Cisco equipment. For more information about Cisco TMP, visit:

<http://www.cisco.com/go/tradein/>

The Cisco TMP application requires all users to have a Cisco.com user ID.

Refurbished Equipment Program

Customers may be able to continue to purchase the Cisco Catalyst 4000 Series 650-Watt DC Power Supply through the Cisco Authorized Refurbished Equipment program. Refurbished units may be available in limited supply for sale in certain countries on a first-come, first-served basis. For information about the Cisco Authorized Refurbished Equipment program, go to:
