

End of Life Announcement for Legacy VCO Series Cards

Overview

Cisco Systems announces the End of Life (EOL) for some legacy cards for the VCO[®] series. Table 1 shows the products affected by this EOL announcement. Some of these cards have been replaced by newer versions designed for the VCO/4K. This EOL notice completes a four-phase EOL program that began in January 1999.

If you are affected by this EOL announcement, there are upgrade programs in place. Please contact your Cisco account representative.

Support Programs

End of Sale (EoS) refers to the time when certain products are no longer available for new purchases. It does not apply to the service and support programs for those products. Cisco will continue to support these products after EoS through our SMARTnet™ maintenance programs. Customers with either of these service contracts are entitled to free software updates and 24-hour phone support through the Technical Assistance Center (TAC). Customers who do not have a maintenance contract can purchase software updates and hardware repair services from Cisco to meet specific requirements rather than full service coverage.
