Freedom of Choice

# Cisco UCS Unified Computing System

Platform for Virtualization and VDI

Marco Kuendig  
Head of Datacenter and Cloud

29. November 2012

# Cisco Unified Computing System

## Third Generation of Fabric Computing

Unmatched Speed and Density

Best Platform for SAP HANA

# Cisco Unified Computing System

## Third Generation of Fabric Computing

Unmatched Speed and Density

Best Platform for SAP HANA

And Best Platform for Virtualization and VDI

# The Power Of Unification

# The Power Of Unification

Unified  
management

Industry-leading  
compute

High-  
performance  
virtual  
networks

Highest-scale  
unified  
fabric

# The Power Of Unification

Unified  
management

Industry-leading  
compute

High-  
performance  
virtual networks

Highest-scale  
unified fabric

**Faster Applications**  
**Fewer Complications**  
**Smarter Servers**

# The Power Of Unification

Unified Management

Unified management

Industry-leading compute

High-performance virtual networks

Highest-scale unified fabric

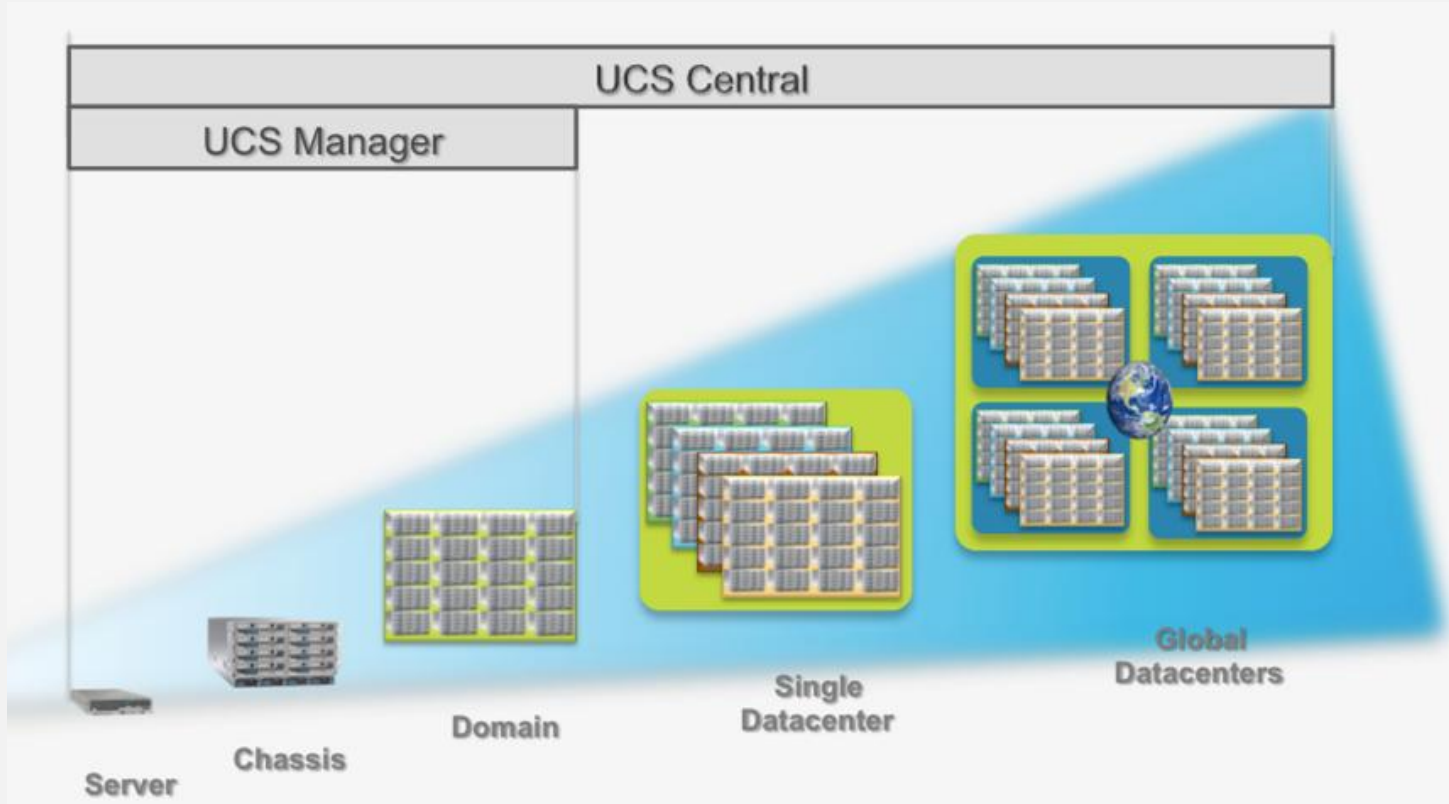

Faster Applications  
Fewer Complications  
Smarter Servers
