

THERE ARE LOTS OF WAYS FOR YOUR BUSINESS TO ENTER THE INTERNET.

**THIS IS THE DOOR
THE BUILDERS PUT IN.**

The promise of networked commerce. Stronger customer relationships. The ability to rapidly respond to a constantly changing marketplace.

Where there's a reason to put your business on the Internet, there's a reason to rely on the expertise, strength and security of Cisco Systems — the company that brought the Internet to business.

Look for the Cisco Powered Network™ mark. It means your network service provider uses Cisco equipment — the common platform that lets your network work with any other network on the planet.

Which is why Cisco Powered Network service providers are uniquely equipped to make the Internet work for you, whether it's Internet access, ATM, frame relay or other data services.
