

**BEFORE YOU LET A
COMPANY
CONNECT YOUR
BUSINESS
TO THE INTERNET,
ASK YOURSELF,
"WHO CONNECTS
THEM TO THE
INTERNET?"**

If the answer is Cisco, you know your network service provider is supported by the products and technology that brought the Internet to business. In fact, the Internet as we know it today is built on Cisco equipment.

Cisco Powered Network™ service providers are equipped to make your network work for you. Whether it's Internet access, ATM, frame relay or other data services, you will know your business is getting

the quality it can depend on.

Look for the Cisco Powered Network mark or visit our Web site at www.cisco.com to find out more about the participating network service providers. Either way, you will know your provider is committed to giving your business the most in reliable, secure and innovative service. And you will know it's powered by Cisco – the company that makes the world's networks work for business.
