

**Ask for three
proposals before
you award your
networking business.**

**Ask to see
this symbol, too.**

Putting your networking business out for bid is like putting your life on the line. You want to be certain your service provider has the right combination of services and technologies to meet your needs. You want to be certain of a reliable connection. You want to be certain of corporate security. You want to be certain your provider can grow with your business. That's where the Cisco Powered Network program comes in.

The Cisco Powered Network symbol is your assurance that a service provider is powered with the same equipment that virtually all the Internet traffic travels on today. Ask your service provider if they're part of the Cisco Powered Network program. Or visit www.cisco.com/cpn to find a list of authorized program participants. And take the uncertainty out of selecting your networking partner.
