Cisco Position Statement on China RoHS

Cisco products meet the applicable requirements of China Ministry of Information Industry Order #39, "Administrative Measures on the Control of Pollution Caused by Electronic Information Products," commonly referred to as China-RoHS. All Cisco electronic hardware products sold into China are impacted by China-RoHS. Products ordered for sale in China include the appropriate Environmental Protection Use Period (EPUP) label on the product, hazardous substances table and recycling mark on packaging according to the applicable regulatory requirements and standards. Cisco will also ensure continuous compliance with China-RoHS as additional requirements are finalized by the Chinese regulators.

For more information on Cisco's China-RoHS program or other environmental laws, regulations or initiatives, please send email to: environment@cisco.com
