London, UK.

Described As:

Determined. Caring. Passionate.

Can't Live Without:

Tea, chocolate, and her mobile Smart phone.

Best Part Of Working For Cisco:

The company is very empowering and supportive, and gives you the freedom to make a difference.

Recent Success:

Project Lead for the Cisco School Initiative Programme, working with young students who had little or no drive or ambition. She and her team mentored these students, encouraging them to consider science, math, and engineering-based subjects, as well as helping to instill life skills. One student in particular went from having no desire at all to actually studying, and expressing a desire to work at Cisco in the future.

Favorite Activities:

Travelling, and getting involved in the local culture. She recently returned from a fantastic trip to Egypt with her family, and has also visited Hawaii, Miami, Los Angeles, and San Diego. Wants to visit Peru, South America.

Important Advice:

Never be afraid to think outside the box. Only then can you succeed beyond your expectations.

Surprising Fact:

She was a runner-up in a table tennis tournament in her local borough.
