Global Supplier Diversity Business Development Programs

2013 Cisco Protégé Program (CP²) Executive Speaker Series

The Cisco Protégé Program (CP²) Executive Speaker Series is designed for our current and past protégés. This series is yet another development tool by which our protégés continue to gain insightful, practical, relevant, and timely information from proven business executives.

The scheduled presenters are from the following companies:

Friday, April 19:	D. W. Morgan Company
Friday, June 7:	Technology Integration Group
Friday, August 2:	The Experts Bench
Friday, October 4:	Telamon Corporation

Executive Mentor Protégé Program (EMP²) Class of FY13

Cisco's Executive Mentor Protégé Program (EMP²), sponsored and managed by the Global Supplier Diversity Business Development Program (GSDBD), takes advantage of Cisco's executive talent to develop and strengthen diverse supplier/partner relationships. The EMP² positions Cisco's senior leadership team to function as trusted advisers to strategic suppliers/partners.

The GSDBD team kicked off its FY13 EMP² class this past July.

We are proud to introduce this year's EMP² class protégés:

Prosys
Technology Integration Group
Unigen
Universal Understanding
Woodtech
