

## GLOBAL SUPPLIER DIVERSITY BUSINESS DEVELOPMENT Spring 2013 Newsletter

### Champions of Diversity

### And the Winner Is . . . World Wide Technology, Inc.

World Wide Technology, Inc. (WWT), a St. Louis, Missouri based systems integrator and diverse Cisco® Gold Certified Partner received a total of six awards at each of the three award levels—global, geo, and theater—at Cisco’s annual partner conference in San Diego, California, this past spring.

Cisco Partner Summit global awards are designed to recognize exemplary channel partners who demonstrate best-in-class business practices and serve as a model to the industry. Among the six awards WWT received was the coveted Cisco Global award for Architectural Excellence in Collaboration. WWT continues to grow its business as a leading systems integrator that provides supply solutions and innovative technology to commercial, government, and telecom customers.

WWT is especially pleased to be counted and recognized among some of the industry’s Fortune 500 companies who were also winners at Cisco’s annual Partner Summit.
