Mike Gibbs

Senior Manager, Healthcare Practice
Internet Business Solutions Group

Michael Gibbs is a senior manager in the Cisco Internet Business Solutions Group (IBSG) Healthcare Practice. He works with healthcare industry leaders to assist them in using technology to improve patient outcomes, decrease healthcare costs, and promote industrial transformation.

Prior to this role, Gibbs worked for Cisco in supporting IBM strategic outsourcing and Merrill Lynch. Before joining Cisco, he worked as a nurse practitioner in the internal medicine environment. Gibbs has also worked for WorldCom and Riverstone Networks (now Lucent Technologies). In these roles, he was responsible for managed service offerings and critical customer solutions.

Gibbs is a licensed family nurse practitioner and registered nurse. He received his undergraduate degree in nursing from Temple University. In addition, he holds an MBA in management, and a master's degree in nursing from Widener University.
