

## Thomas Renger

Director, Service Provider Practice, European Markets  
Internet Business Solutions Group

Thomas Renger is director of the European Mobile Industry Practice for the Cisco Internet Business Solutions Group (IBSG). IBSG is a global team of experienced business consultants, industry experts, and thought leaders focused on helping Cisco's strategic customers become more successful through innovation and effective use of IT and networking technology to optimize their business processes.

Renger has more than 12 years of experience in various positions in the telecommunications and IT industries. Prior to joining Cisco, he was with Mannesmann Telecommunications, where he was responsible for strategic technology and network planning supporting Mannesmann's successful expansion of the European footprint in the wireline as well as mobile telecommunications markets.

Renger holds a master's degree with distinctions and a bachelor's degree in business administration from the University of Stuttgart. He is a member of VDI and the IEEE.
