

At-A-Glance

## Borderless Networks

We work, live, play and learn in a world that has no boundaries and knows no borders

We work, live, play and learn in a world that has no boundaries, and knows no borders. Cisco® Borderless Networks securely, reliably, and seamlessly connects people, information, and devices. As applications and services are increasingly offered and consumed from beyond the traditional enterprise perimeter, the Cisco Borderless Networks vision is to seamlessly integrate cloud services and embedded network services with integrated policy and management to deliver the borderless experience.

Whether you are choosing a Cisco Borderless Network Architecture to upgrade, secure, standardize, or introduce wireless or video services, financing from Cisco Capital helps optimize all stages of your platform's lifecycle management. We offer industry leading interest rates that lower the cost of acquisition, re-payment holidays to ease migration, and flexible options that make support services more accessible. When it's time to refresh your network foundation, our hassle-free trade-in and disposal programs make it easier to replace old equipment. We can also provide master lease agreements to simplify IT procurement.

Unique customer advantages:

- **Alternative source of funds** – available and affordable funding
- **Preserve cash** – spread costs over time, preserve credit and avoid a large cash investment
- **One solution, predictable payments** – combine Cisco hardware, software, services and complementary third party equipment into one strategic acquisition
- **Lower costs** – benefit from competitive rates and residual values to reduce total cost of ownership and accelerate return on investment
- **Equipment lifecycle management** – help manage costs, meet business demands, and avoid obsolescence with flexible migration options and simplified equipment disposal
- **Maximum flexibility** – further investment protection with the right payment schedule, term duration and end of lease options including an outright purchase, capped and market-value residuals, and like-for-like equipment returns.

# Additional Benefits

## Our Cisco expertise

- Gain from direct access to Cisco technology resources and personnel
- Benefit from technology acquisition that's linked to Cisco innovation lifecycles
- Partner with us in over 140 countries.
