

Certification Vouchers Available for U.S. Academy Conference Attendees

U.S. instructors registered for Academy Conference 2008 will now have access to discount vouchers for certification exams. Interested instructors may request a single voucher per certification during conference registration for a fee of \$26 per voucher.

After listening to your feedback, Cisco Networking Academy is excited to announce that through the collaborative efforts of Learning@Cisco, Pearson VUE, and Networking Academy, instructor vouchers will be available to interested participants at the U.S. Academy Conferences.

This is an effort to encourage the adoption of the latest versions of the Networking Academy curricula that map to Cisco certification exams and to underscore the importance of certification within the Networking Academy. This is a pilot initiative and, depending upon the response rate and feedback we receive, we will determine how to proceed with future instructor voucher offers.

Interested instructors may request a **single voucher per certification** during online registration for Academy Conference 2008. A fee of \$26 per certification will be charged during the registration process.

Vouchers will be available for the following exams:

CCENT

- 640-822 ICND1

CCNA

- 640-816 ICND2
- 640-802 CCNA

CCNP

- 642-901 BSCI
- 642-812 BCMSN
- 642-825 ISCW
- 642-845 ONT

Each candidate is limited to **one voucher per certification**. Vouchers may be purchased during the registration process for the Academy Conferences, which opens in early April, and will be distributed when participants register and check-in on site. Vouchers will be valid for 90 days from the beginning date of the conference the instructors attend, and may be redeemed at any Pearson VUE testing location. Visit www.pearsonvue.com/cisco to find a center near you.

Feedback from our instructor community is valuable to the evolution of the program. Please let us know through the conference evaluations if you find this offering beneficial to your professional development—and keep the feedback coming!

Visit the [Academy Conference 2008 Website](#) for more details. You will receive an announcement when registration opens.

Pearson VUE is the global leader in electronic testing for regulatory and certification boards, providing a full suite of services from test development to test delivery to data management. Pearson VUE offers exams through the world's largest network of test centers in 162 countries, providing testing services for information technology, academic, government, and professional clients.

In 2007, Pearson VUE was chosen as Cisco's primary vendor for test delivery. Together, the two companies are changing the face of IT testing by introducing a number of measures designed to protect the integrity of Cisco certification. Pearson VUE's innovative technology offers the highest levels of security and program control, while its commitment to service provides clients and individual test takers with an unmatched testing experience.
