

■ Cisco Learning Credits Advanced Technology Training

Get the Most Out of Your Network Investment with Recommended Cisco® Advanced Technology Training Allocations

Cisco Learning Credits offer a better way to obtain the advanced technology or Cisco Career Certification training you need to stay ahead of the technology curve and get the most out of your network investment. An essential component of your network solution, Cisco Learning Credits are listed on the Cisco global price list and provide access to training from Cisco Learning Solutions Partners. Simply add Learning Credits to your equipment purchase order to safeguard your training budget and gain access to the Learning Credits Management Tool for tracking and managing your training.

The following courses are available from Cisco Learning Solutions Partners and their affiliated organizations. The courses are offered in a variety of customized formats, and may be purchased with Cisco Learning Credits. This is an estimated allocation based on specific certifications. Cisco Learning Solutions Partners can work with you to analyze your specific training needs and develop a tailored training plan.

The training allocations listed below are based on specific certifications and specializations. Specific technology specializations may require fewer credits. Prerequisite courses may be required.
