Dear Mr. Jenney:

I would like to take this opportunity in extending my gratitude to you and your organization for participating in the BMCC/Cisco Internship Partner Program. You have provided our Cisco intern with invaluable experience that can't be matched anywhere else.

Now that we are approaching the end of the Cisco Networking Academy program, it is time to reflect on the progress of our interns and receive input from you, the supervisor. Enclosed is a short questionnaire that will help us evaluate Kirk and Wanda at the internship site. Please take a few minutes and fill out the front and back of the questionnaire. When finished, use the enclosed self-addressed stamped envelope to send back.

As previously discussed, even though the program is ending on June 30<sup>th</sup>, you may keep our student on as an intern until they find permanent employment. If you are extending the internship, please indicate that on the questionnaire.

Thank you again for your participation in the BMCC/Cisco Internship Partner Program. Please feel free to contact me directly if you have any questions or comments. You helped us create a very well rounded program containing hands-on experience that extends the learning of the classroom. We look forward to maintaining this relationship for our next class of students.

Best regards,

David M. George
