

Cisco Supports You Beyond the Classroom

Join the growing global community of Cisco Networking Academy alumni who are staying connected through the Alumni Community.

Why join the Alumni Community?

Here are just a few of the benefits and services that you'll enjoy as a member of the Alumni Community:

Continued Access to Curriculum:

- ✓ As a member you can access updated versions of courses you've completed including:
 - CCNA Discovery
 - CCNA Exploration

Best of All:
It's free to join! And there are no requests for dues or contributions

Even though you may have completed an earlier version of the CCNA curriculum, once you register as an alumni, you will have access to these new CCNA curricula which are mapped to the most current versions of the CCENT and CCNA certification exams.

Global Alumni Community

- ✓ Discussion forums and chats allow Networking Academy alumni to join a global community of individuals who share an interest in technology and IT career development.

Career Connection Services: Cisco Support from the Classroom to the Workplace

- ✓ Alumni can benefit from career development and job placement tools and services that are available through Cisco Career Connection
- ✓ For the United States, Mexico, and Canada, services include access to an online Career Connection job board, which can be found at <https://cc.netacad.net/home.do>. Career Connection resources for other theaters/countries can be found at <http://cc.netacad.net/CareerConnection.do>

Alumni Marketplace

- ✓ Discounts on books from Pearson Press

Access to Learning Resources:

- ✓ CCNA® Certification Prep Center and CCNA Practice Exams
- ✓ Cisco Learning Connection
- ✓ Packet Tracer Download

Who's Eligible?

- ✓ Any Networking Academy student who has successfully completed at least one course and is 18 years of age or older

How Do I Register for the Alumni Community?

- ✓ Within two weeks of completing a qualifying class, you will see a message on your Student Home page on the Academy Connection Website. Click on the Alumni Home link in the left menu to register. It's that easy!

We invite you to learn more about the Cisco Networking Academy by visiting <http://www.cisco.com/go/netacad>. For assistance, please send an e-mail to academy-alumni@external.cisco.com.

* Membership in the Alumni Community is free. However there is a cost associated with some of the offers and subscriptions available to members of the Alumni Community.
