

0% Financing Cisco Smart Business Communications System

Cisco Capital is Opening Doors to New Opportunities.

The right technology could help your small business be more efficient and productive, keep your employees connected and enable greater flexibility and security. However, with pressure on cash flow and competing demands for budgets, funding new technology investment can be difficult.

Cisco Capital makes it simple. With 0% financing available on Cisco small business voice solutions, you can now purchase the solutions your business needs, rather than the one which budgets dictate.

- Available for U.S. customers only
- Cannot be combined with any other financing offer
- Applicable on new transactions only (equipment already ordered or paid for is **not** eligible for the promotional rate)
- Available through July 30, 2011

Why Financing is Right for your Business

Access to the right solution

Financing is designed to provide you with the freedom to acquire the technology you need to grow your business as well as giving you the flexibility to react to changing market needs.

Ease the pressure on your budget

Investing in the right technology without making a large capital expenditure enables you to invest valuable cash in other areas of your business, to help drive success.

Plan and Pay for technology and technical support over time

Spreading the cost over time makes budgeting easier. Because your payments are more manageable, you'll know exactly how much you'll be spending and when.

For More Information

Contact your Cisco account manager, Cisco Capital representative, or Cisco channel partner to find out how financing from Cisco Capital can make the difference for your company.
