

At-A-Glance

Financing Borderless Networks

We offer industry-leading flexible options that reduce total cost of ownership and offer predictable payment streams for budget management.

Whether you are choosing a Cisco® Borderless Network Architecture to upgrade, secure, standardize, or introduce wireless or video services, financing from Cisco Capital® helps optimize all stages of your platform's lifecycle management. We offer competitive interest rates that lower the cost of acquisition, deferred payments to ease migration, and flexible options that make support services more accessible. When it's time to refresh your network foundation, our hassle-free trade-in and disposal programs make it easier to replace old equipment. We can also provide master lease agreements to simplify IT procurement.

Unique customer advantages:

- **Alternative source of funds:** Benefit from available and affordable funding.
- **Preserve cash:** Spread costs over time, preserve credit, and avoid a large cash investment.
- **One solution, predictable payments:** Combine Cisco hardware, software, services, and complementary third-party equipment in one strategic acquisition.
- **Lower costs:** Benefit from competitive rates and residual values to reduce total cost of ownership and accelerate return on investment.
- **Equipment lifecycle management:** Help manage costs, meet business demands, and avoid obsolescence with flexible migration options, and simplified equipment disposal.
- **Maximum flexibility:** Extend your investment protection with the right payment schedule, term duration, and end-of-lease options.
