

CSI LATINA OFFERS CISCO IP COMMUNICATIONS FINANCING PROGRAM

As data, voice and video technologies converge, you are likely to face the challenge of further evolving your communications network while dealing with increased budget constraints. We introduce our new Cisco IP Communications financing program to provide you with a robust entry point into voice-over-IP technology, which will minimize your initial investment, controlling your budget and avoiding technology obsolescence.

Key Benefits

- Accelerate your adoption of Cisco IP Communications technology.
- Implement predictable, manageable and aggressive lease payments that improve your liquidity and preserve your lines of credit.
- Use your operating expense budget to acquire capital equipment now.
- Ability to lease IP phones only.
- Ability to include up to 60 months of Cisco SMARTnet services.

Features

- Fair market value lease
- Available terms of up to 60 months (based upon credit rating determined by CSI Latina Financial)
- Three options at the end of the lease:
 - Simply return the equipment
 - Purchase the equipment at its then fair market value
 - Extend the lease

Warranty Coverage

Cisco standard warranties are automatically included in all leases.

Eligibility Requirements

This program is available to Cisco customers in Mexico, Costa Rica, Colombia and Brazil. To qualify, you must meet the following requirements:
