

Effective 03 September 2007

Congratulations to FUJITSU SIEMENS COMPUTERS GMBH for meeting all criteria to achieve a Advanced Data Center Storage Networking.

FUJITSU SIEMENS COMPUTERS GMBH has met the resource requirements for a Advanced Data Center Storage Networking and demonstrated that they are qualified to support customers with their Advanced Data Center Storage Networking in Germany.

FUJITSU SIEMENS COMPUTERS GMBH will be recognized for this specialization in the Cisco Partner Locator, located at:
http://tools.cisco.com/WWChannels/LOCATR/jsp/partner_locator.jsp

Additional discount incentives are in place for partners who achieve one or more of the following advanced technology specializations (Advanced Unified Communications, Advanced Wireless, or Advanced Security). For more information on discount eligibility, and special ordering, please visit the following URL, located at:
<http://www.cisco.com/web/partners/program/specializations/policies.html>

Cisco values the commitment and expertise that FUJITSU SIEMENS COMPUTERS GMBH has demonstrated and looks forward to working together.

Sincerely,

Cisco Partner Specialization Team

The renewal application for Advanced Data Center Storage Networking is due 03 September 2008.
