

Public Sector Center of Excellence

Helping Agencies Envision and Achieve Mission Requirements

Cisco is committed to helping Public Sector organizations become more agile using a secure network to support citizen-centric initiatives. At the Public Sector Center of Excellence (COE) in Herndon, Virginia, Public Sector visitors from around the world have the opportunity to identify current and future technology needs, exchange ideas with Cisco experts, and discuss how networking is changing every aspect of our lives.

Centered on Your Success

The COE provides a unique environment for Public Sector leaders and industry partners to meet with Cisco executives to discuss existing and future technology enhancements. Leveraging Cisco's leadership in the Public Sector market, our team has built the COE as a central technology forum dedicated to helping our Public Sector customers achieve their missions with improved efficiency, productivity, and collaboration.

Interactive Demonstrations

The COE provides a unique environment for Public Sector leaders and industry partners to openly discuss existing and future technologies with Cisco executives, and experience Cisco and partner technologies integrated into advanced solutions designed to meet Education, State, Local and Federal Government customer needs. Some solutions available for demonstration include:

- Physical Security
- Connected Real Estate
- Open Platform for Safety and Security (Cisco OPSS)
- DVX and SMEO Unified Communication for Military
- Secure IP Telephony – Cisco IP Phones
- School Safety
- Health Presence
