Are your collaboration tools secure enough?

Strong encryption, compliance, visibility and control.

When you choose Webex, you’re getting the industry’s most secure collaboration platform.

You’re getting all the protection and best practices from Cisco’s world-class security teams.

**Security. It’s what we do.**

Rich history of security—from network, to endpoints, to data center and cloud, all built on the Cisco Secure Development Lifecycle.

Dedicated departments on the forefront of security

- Cisco Information Security (InfoSec) Cloud team
- Cisco Product Security Incident Response Team (PSIRT)
- Cisco Talos Threat Intelligence Group

Cisco Talos helps stop 7.2 trillion attacks annually

**Secure by default**

- Secure meeting settings by default.
- Strong passwords by default for every meeting.
- Recordings and transcriptions are encrypted and stored in-house.
- Your messages, files, whiteboards, and actions stay safe.
